Important Information

The performance data quoted in this report represents past performance and does not guarantee future results. The investment return and principal value of an investment in a Gotham Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Current performance may be lower or higher. Performance data current to the most recent month-end may be obtained by calling (877) 974-6852.

Each Gotham Fund covered by this report (each, a "Fund") compares its performance to an unmanaged index. An index does not reflect operational and transactional costs which apply to a mutual fund. It is not possible to invest direct in an index.

Mutual fund investing involves risks, including possible loss of principal. Each Fund except Gotham Enhanced S&P 500 Index Fund will short securities. Short sales theoretically involve unlimited loss potential since the market price of securities sold short may continuously increase. Each Fund except Gotham Enhanced S&P 500 Index Fund will also use of leverage to make additional investments which could result in greater losses than if a Fund were not leveraged. The Gotham Index Plus Fund utilizes one or more swap agreements in its investment program. The use of derivatives such as swaps exposes a Fund to additional risks including increased volatility, lack of liquidity and possible losses greater than the Fund's initial investment. Gotham Master Index Plus Fund will primarily engage in short sales, leverage and swaps through its investments in underlying funds. The securities issued by small-cap and mid-cap companies tend to be more volatile and less liquid than those of large-cap issuers. Each Fund may have a high turnover of its portfolio securities. High turnover rates generally result in higher brokerage costs to a Fund. There can be no guarantee that a Fund will achieve its objectives.

A prospective investor should consider the investment objectives, risks, charges and expenses of a Fund carefully before investing. The prospectus and summary prospectus contains this and other information about the Funds, and should be read carefully before investing. A copy of the prospectus or summary prospectus is available at www.GothamFunds.com or by calling (877) 974-6852.

Dear Shareholder,

Gotham manages value-oriented mutual funds with varying market cap universes and gross and net exposures. The funds share the same investment philosophy, process and research. Gotham offers actively managed strategies (long/short and long-only) as well as strategies that combine an index component and an actively managed long/short overlay. Gotham's all-cap funds select long and short stock portfolios from a diverse capitalization universe of U.S. stocks. Our large-cap funds select stocks primarily from the S&P 500.

Our investment process begins with a research effort that seeks to value all of the companies in a fund's respective investment universe. Our philosophy is simple. Although stock prices react to emotion over the short term, over the long term the market is very good at finding the fair value of stocks. Therefore, we believe that if we are good at valuing businesses (a share of stock represents a percentage ownership stake in a business), the market will agree with us...eventually.

For an individual stock, we believe the waiting period for the market to get it "right" is no more than 2 or 3 years in the vast majority of cases. For a group of stocks, we believe the average waiting period can often be much shorter. In other words, for us, there is a "true north" when it comes to the stock market. If we do a good job of analyzing and valuing companies, we believe the market will agree with us — even if it takes some time. This is crucial. No investment strategy, regardless of how good or logical, works all the time.

The important thing for us is to stick to our strategy even if it is not working over shorter time periods. We have over 60 years of combined investment experience valuing and investing in publicly traded businesses. We know how to value businesses by using various measures of absolute and relative value. So, that's how we invest. We buy companies that are at the biggest discount to our assessment of value and sell short (where applicable) those companies that are most expensive relative to our assessment of value. We do not plan to change this strategy or adopt other methodologies when short term stock prices do not reflect the values that we see.

Together with our investment team (led by Director of Research, Adam Barth), we follow a systematic process of researching and valuing companies, investing in our long and short portfolios and adjusting positions daily to take advantage of changing stock prices and fundamental information. The funds are highly diversified and invest in hundreds of positions. Our positions are not equally weighted. The funds generally invest in the cheapest companies and short (where applicable) the most expensive based on our assessment of value and subject to our risk constraints.

We manage our risks by, among other things, requiring substantial portfolio diversification, setting maximum limits for sector concentration and by maintaining overall gross and net exposures within carefully defined ranges.

Market Observations and Performance Commentary

The overall market remains expensive, especially with regard to small caps, based on our assessment of value. The most obvious comparison to the current market is the internet bubble although the current market environment is not as extreme. The mega-capitalization tech names that dominate the S&P 500 now trade at much more reasonable multiples than their counterparts of 1999. That said, the internet bubble is the only period where the market has been significantly more expensive, based on our metrics, and the value/growth discrepancy this wide.

If we simply used standard valuation metrics for our long book and standard growth metrics for our short book, the last six years would have been considerably different. For example, if you had bought a dollar of the Russell Pure Value Index and shorted a dollar of the Russell Pure Growth Index over the last six years, you would have lost all your money. We define value differently than Russell

or Morningstar who emphasize metrics such as low price/book and low price to sales. Similar to a private equity firm, we examine a company's cash flow generation and then determine its all-in cost as if we were buying the entire business. That is why we have not been punished in this market as much as many traditional "value" investors.

While we do not need the value benchmarks to do well for us to generate positive returns or positive spreads, we do recognize that it has been more difficult to generate strong long/short returns in market environments where there is even more emphasis on potential future growth and less concern with strong run-rate cash flows available at attractive prices.

Having said that, our short books (where applicable) have suffered headwinds that have mostly affected medium and small cap stocks. Our shorts generally sell at 50 to 100 times pre-tax free cash flow based on our metrics and many of them are "hope" stocks. We are pleased with how we have managed our risks during the extreme growth environment and our opportunity set on the short side remains quite robust. On the long side, we believe that there is an opportunity to nicely exceed the positive returns we expect for large cap indexes.

In a shift from the first half of 2019, we saw positive long/short spreads across most of our funds in the third quarter. Given valuation levels and the disparity between stock returns and fundamentals, we are very optimistic about the opportunity set for our long/short spreads over the coming period.

We remain disciplined in our approach to managing portfolio risks. Although we cannot predict when there will be a renewed appreciation for fundamentals, the historical precedent is that the transition is often abrupt and significant.

Past performance does not guarantee future results. *The graph and table do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or redemption of Fund shares; nor a 1.00% fee applied by the Fund's Institutional Class and Investor Class to the value of shares redeemed within 30 days of purchase.*

As stated in the current prospectus dated February 1, 2019 (as supplemented on September 17, 2019), the "Total Annual Fund Operating Expenses" are 1.15% and 1.40%, for the Institutional Class shares and Investor Class shares, respectively, of the Fund's average daily net assets. These ratios may differ from the actual expense incurred by the Fund for the period covered by this report. Gotham Asset Management, LLC ("Gotham" or the "Adviser") has contractually agreed to reduce its investment advisory fee and/or reimburse certain expenses of the Fund to the extent necessary to ensure that the Fund's total operating expenses (exclusive of taxes, "Acquired Fund Fees and Expenses", dividend and interest expense on securities sold short, interest, extraordinary items, and brokerage commissions) do not exceed 1.15% with respect to Institutional Class shares (on an annual basis) and 1.40% with respect to Investor Class shares (on an annual basis), of average daily net assets of the Fund (the "Expense Limitation"). The Expense Limitation will remain in place until January 31, 2021, unless the Board of Trustees of FundVantage Trust (the "Trust") approves its earlier termination. The Adviser is entitled to recover, subject to approval by the Board of Trustees, such amounts reduced or reimbursed for a period of up to three (3) years from the date on which the Adviser reduced its compensation and/or assumed expenses for the Fund. The Adviser is permitted to seek reimbursement from the Fund, subject to certain limitations, for fees it waived and Fund expenses it paid to the extent the total annual fund expenses do not exceed the limits described above or any lesser limits in effect at the time of reimbursement. No recoupment will occur unless the Fund's expenses are below the Expense Limitation.

The Fund intends to evaluate performance as compared to that of the Standard & Poor's 500[®] Total Return Index ("S&P 500[®] Total Return Index"). The S&P 500[®] Total Return Index is a market capitalization weighted index of 500 large-capitalization stocks commonly used to represent the U.S. equity market. * The Gotham Enhanced 500 Plus Fund (the "Fund") commenced operations on September 30, 2016.

** Benchmark performance is from inception date of the Fund only and is not the inception date of the benchmark itself.

Past performance does not guarantee future results. The graph and table do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or redemption of Fund shares; nor a 1.00% fee applied by the Fund's Institutional Class to the value of shares redeemed within 30 days of purchase.

As stated in the current prospectus dated February 1, 2019, the "Total Annual Fund Operating Expenses" are 4.24% and the "Total Annual Fund Operating Expenses After Fee Waivers and/or Expense Reimbursements" are 2.10% for Institutional Class Shares of the Fund's average daily net assets. These ratios may differ from the actual expense incurred by the Fund for the period covered by this report. Gotham Asset Management, LLC ("Gotham" or the "Adviser") has contractually agreed to reduce its investment advisory fee and/or reimburse certain expenses of the Fund to the extent necessary to ensure that the Fund's total operating expenses (exclusive of taxes, "Acquired Fund Fees and Expenses", dividend and interest expense on securities sold short, interest, extraordinary items, and brokerage commissions) do not exceed 1.15% (on an annual basis) of average daily net assets of the Fund (the "Expense Limitation"). The Expense Limitation will remain in place until January 31, 2021, unless the Board of Trustees of FundVantage Trust (the "Trust") approves its earlier termination. The Adviser is entitled to recover, subject to approval by the Board of Trustees, such amounts reduced or reimbursed for a period of up to three (3) years from the date on which the Adviser reduced its compensation and/or assumed expenses for the Fund. The Adviser is permitted to seek reimbursement from the Fund, subject to certain limitations, for fees it waived and Fund expenses it paid to the extent the total annual fund expenses do not exceed the limits described above or any lesser limits in effect at the time of reimbursement. No recoupment will occur unless the Fund's expenses are below the Expense Limitation.

The Fund intends to evaluate performance as compared to that of the Standard & Poor's 500[®] Total Return Index ("S&P 500[®] Total Return Index"). The S&P 500[®] Total Return Index is a market capitalization weighted index of 500 large-capitalization stocks commonly used to represent the U.S. equity market. Fund Expense Disclosure September 30, 2019 (Unaudited)

As a shareholder of a Fund, you incur two types of costs: (1) transaction costs, including redemption fees; and (2) ongoing costs, including management fees and other Fund expenses. This example is intended to help you understand your ongoing costs (in dollars) of investing in a Fund and to compare these costs with the ongoing costs of investing in other mutual funds.

These examples are based on an investment of \$1,000 invested at the beginning of the six-month period from April 1, 2019, and held for the entire period through September 30, 2019.

Actual Expenses

The first line for each Fund in the accompanying table provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line under the heading entitled "Expenses Paid During Period" to estimate the expenses you paid on your account during this period.

Hypothetical Example for Comparison Purposes

The second line for each Fund in the accompanying table provides information about hypothetical account values and hypothetical expenses based on the Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not your Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in the Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of other funds.

Please note that the expenses shown in the accompanying table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as redemption fees. Therefore, the second line of the accompanying table is useful in comparing ongoing costs only, and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

GOTHAM INDEX PLUS FUND

Portfolio of Investments (Continued) September 30, 2019

Over-the-counter total return swaps outstanding as of September 30, 2019.

The Fund maintains a basket of long and short positions and receives/pays a rebate based upon the Fed Funds 1-Day Rate less a specified spread as negotiated by the parties. The notional gain or loss, dividends payable and rebates are payable the earlier of maturity of the swaps or upon termination. The basket matures on July 29, 2024, however underlying individual contracts are entered into and closed (terminated) on a daily basis. The cash amounts payable/receivable due to individual contracts being closed are settled, on a net basis, once a week. The value of total return swaps represents 2.8% of net assets.

The following table represents the individual long and short positions and related values of total return swaps as of September 30, 2019:

* Institutional Class commenced operations on January 2, 2018. Total return is calculated based on inception date of December 29, 2017, when initial seed capital was issued at \$10.00 per share.

(1) The selected per share data was calculated using the average shares outstanding method for the period.

(2) Amount is less than \$0.005 per share.

(3) Total investment return is calculated assuming a purchase of shares on the first day and a sale of shares on the last day of each period reported and includes reinvestment of dividends and distributions, if any. Total returns for periods less than one year are not annualized.

(4) Expense ratio includes dividend and fees on securities sold short. Excluding such dividend and fees on securities sold short, the ratio of expenses to average net assets including waivers, reimbursement, and recoupments for the Fund would be 1.15% and 1.15% for the year ended September 30, 2019 and the period ended September 30, 2018, respectively.

(5) Annualized.

(6) During the period, certain fees were reduced or expenses were recouped. If such fee reductions or recoupments had not occurred, the ratios would have been as shown (See Note 2).

GOTHAM FUNDS

Notes to Financial Statements September 30, 2019

1. Organization and Significant Accounting Policies

The Gotham Index Plus Fund, the Gotham Index Plus All-Cap Fund, the Gotham Enhanced Index Plus Fund, the Gotham Enhanced 500 Plus Fund (formerly, Gotham Enhanced 500 Core Fund), the Gotham Enhanced S&P 500 Index Fund and the Gotham Master Index Plus Fund (each a “Fund” and together, the “Funds”) are each a diversified, open-end management investment company registered under the Investment Company Act of 1940, as amended (the “1940 Act”). The Funds are each a separate series of FundVantage Trust (the “Trust”) which was organized as a Delaware statutory trust on August 28, 2006. The Trust is a “series trust” authorized to issue an unlimited number of separate series or classes of shares of beneficial interest. Each series is treated as a separate entity for certain matters under the 1940 Act, and for other purposes, and a shareholder of one series is not deemed to be a shareholder of any other series. Each of the Funds, except for the Gotham Index Plus Fund, offers one class of shares, Institutional Class. The Gotham Index Plus Fund offers two classes of shares, Institutional Class and Investor Class. The Funds’ commencement of operations are as follows:

Gotham Index Plus Fund (“Index Plus”)	March 31, 2015
Gotham Index Plus All-Cap Fund (“Index Plus All-Cap”)	December 29, 2017
Gotham Enhanced Index Plus Fund (“Enhanced Index Plus”)	September 30, 2016
Gotham Enhanced 500 Plus Fund (“Enhanced 500 Plus”)	September 30, 2016
Gotham Enhanced S&P 500 Index Fund (“Enhanced S&P 500 Index”)	December 30, 2016
Gotham Master Index Plus Fund (“Master Index Plus”)	
(operates as a “Fund of Funds”)	April 28, 2017

All the Funds except for the Enhanced S&P 500 Index and Master Index Plus seek to achieve their investment objectives by primarily investing in long and short positions of U.S. equity securities. Equity securities include common and preferred stocks. Enhanced S&P 500 Index seeks to achieve its investment objective by generally investing at least 80% of its assets in U.S. equity securities listed in the S&P 500[®] Index. Master Index Plus seeks to achieve its investment objective by primarily investing in the other funds advised by Gotham.

The Funds are investment companies and follow accounting and reporting guidance in the Financial Accounting Standards Board *Accounting Standards Codification* Topic 946.

Portfolio Valuation — Each Fund’s net asset value (“NAV”) is calculated once daily at the close of regular trading hours on the New York Stock Exchange (“NYSE”) (typically 4:00 p.m. Eastern time) on each business day the NYSE is open. Each Fund’s equity securities, including exchange-traded funds, listed on any national or foreign exchange market system will be valued at the last sale price. Equity securities traded in the over-the-counter market are valued at their closing sale or official closing price. If there were no transactions on that day, securities traded principally on an exchange will be valued at the mean of the last bid and ask prices prior to the market close. Prices for equity securities normally are supplied by an independent pricing service approved by the Board of Trustees (the “Board”). Any assets held by a Fund that are denominated in foreign currencies are valued daily in U.S. dollars at the foreign currency exchange rates that are prevailing at the time that a Fund determines the daily NAV per share. Foreign securities may trade on weekends or other days when a Fund does not calculate NAV. As a result, the market value of these investments may change on days when you cannot buy or sell shares of a Fund. Certain Funds invest in securities of other investment companies, which are valued at their respective NAVs as determined by those investment companies each business day. Over the Counter investments (including swap agreements) are generally valued by approved pricing services that use evaluated prices from various observable market factors. Securities that do not have a readily available current market value are valued in good faith under the direction of the Board. The Board has adopted methods for valuing securities and other assets in circumstances where market quotes are not readily available and has delegated to Gotham Asset Management, LLC (“Gotham” or “the Adviser”) the responsibility for applying the valuation methods. In the event that market quotes are not readily available, and the security or asset cannot be valued pursuant to one of the valuation methods, the value of the security, asset or liability will be determined in good faith by the Adviser. The Trust has established a Valuation Committee which performs certain functions including the oversight of the Adviser’s fair valuation determinations.

Fair Value Measurements — The inputs and valuation techniques used to measure fair value of a Fund’s investments are summarized into three levels as described in the hierarchy below:

- Level 1 — quoted prices in active markets for identical securities;

GOTHAM FUNDS

Notes to Financial Statements (Continued) September 30, 2019

- Level 2 — other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.); and
- Level 3 — significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments).

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

All financial instruments listed in the Portfolio of Investments are considered Level 1, measured at fair value on a recurring basis based on quoted prices for identical assets in active markets, except for a long common stock security with end of year value of \$71 and \$74, held by Index Plus All-Cap and Enhanced Index Plus, respectively, and total return swaps with end of period unrealized depreciation of \$578,184 held by Index Plus. These securities are considered Level 2 as of and for the year ended September 30, 2019.

At the end of each quarter, management evaluates the classification of Levels 1, 2 and 3 assets and liabilities. Various factors are considered, such as changes in liquidity from the prior reporting period; whether or not a broker is willing to execute at the quoted price; the depth and consistency of prices from third party pricing services; and the existence of contemporaneous, observable trades in the market. Additionally, management evaluates the classification of Level 1 and Level 2 assets and liabilities on a quarterly basis for changes in listings or delistings on national exchanges.

Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of a Fund's investments may fluctuate from period to period. Additionally, the fair value of investments may differ significantly from the values that would have been used had a ready market existed for such investments and may differ materially from the values the Funds may ultimately realize. Further, such investments may be subject to legal and other restrictions on resale or otherwise less liquid than publicly traded securities.

For fair valuations using significant unobservable inputs, U.S. generally accepted accounting principles ("U.S. GAAP") require the Funds to present a reconciliation of the beginning to ending balances for reported market values that presents changes attributable to total realized and unrealized gains or losses, purchase and sales, and transfers in and out of Level 3 during the period. A reconciliation of Level 3 investments is presented only when the Funds had an amount of Level 3 investments at the end of the reporting period that was meaningful in relation to its net assets. The amounts and reasons for all transfers in and out of Level 3 are disclosed when the Funds had an amount of transfers during the reporting period that was meaningful in relation to its net assets as of the end of the reporting period.

For the year ended September 30, 2019, there were no transfers in or out of Level 3 for the Funds.

Use of Estimates — The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates and those differences could be material.

Cash — Cash comprises U.S. Dollar and foreign currency deposits held at a custodian bank(s) which may exceed insured limits. The Funds are subject to risk to the extent that the institutions may be unable to fulfill their obligations.

Due to/from Brokers — Due to/from brokers represents cash balances on deposit with, or cash balances owed to, the Funds' prime brokers and counterparties. The Funds are subject to credit risk should the prime brokers and counterparties be unable to meet their obligations to the Funds.

Investment Transactions, Investment Income and Expenses — Investment transactions are recorded on trade date for financial statement preparation purposes. Realized gains and losses on investments sold are recorded on the identified cost basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Distribution (12b-1) fees and shareholder service fees relating to a specific class are charged directly to that class. The Fund records as dividend income the amount characterized as ordinary income and records as realized gain the amount characterized by a REIT as long-term capital gain in the Statement of Operations. The amount characterized as return of capital is a reduction to the cost of investments in the Statement of Assets and

GOTHAM FUNDS

Notes to Financial Statements (Continued) September 30, 2019

Liabilities if the security is still held; otherwise it is recorded as an adjustment to realized gain/(loss) from investment transactions in the Statement of Operations. These characterizations are reflected in the accompanying financial statements. General expenses of the Trust are generally allocated to each Fund in proportion to its relative daily net assets. Expenses directly attributable to a particular Fund in the Trust are charged directly to that Fund.

Dividends and Distributions to Shareholders — Dividends from net investment income and distributions from net realized capital gains, if any, are declared, recorded on ex-date and paid at least annually to shareholders. Income dividends and capital gain distributions are determined in accordance with U.S. federal income tax regulations, which may differ from U.S. GAAP. These differences include the treatment of non-taxable dividends, expiring capital loss carryforwards and losses deferred due to wash sales and excise tax regulations. Permanent book and tax basis differences relating to shareholder distributions will result in reclassifications within the components of net assets.

U.S. Tax Status — No provision is made for U.S. income taxes as it is each Fund's intention to continue to qualify for and elect the tax treatment applicable to regulated investment companies under Subchapter M of the Code, as amended, and make the requisite distributions to its shareholders which will be sufficient to relieve it from U.S. income and excise taxes.

Other — In the normal course of business, the Funds may enter into contracts that provide general indemnifications. A Fund's maximum exposure under these arrangements is dependent on claims that may be made against the Fund in the future, and, therefore, cannot be estimated; however, based on experience, the risk of material loss for such claims is considered remote.

Recent Regulatory Reporting Updates and Accounting Pronouncements — In August 2018, the Securities and Exchange Commission ("SEC") adopted amendments to Regulation S-X to update and simplify the disclosure requirements for registered investment companies by eliminating requirements that are redundant or duplicative of U.S. GAAP requirements or other SEC disclosure requirements. These amendments were effective for all Funds as of November 5, 2018. The new amendments require the presentation of the total, rather than the components, of distributable earnings on the "Statement of Assets and Liabilities" and the total, rather than the components, of dividends from net investment income and distributions from net realized gains on the "Statements of Changes in Net Assets." The amendments also removed the requirement for the parenthetical disclosure of undistributed net investment income on the "Statements of Changes in Net Assets" and certain tax adjustments that were reflected in the "Notes to Financial Statements." All of these have been reflected in the Fund's financial statements.

In August 2016, the Financial Accounting Standards Board ("FASB") issued "Classification of Certain Cash Receipts and Cash Payments" that provided guidance for the classification of certain cash receipts and cash payments in the statement of cash flows. In addition, in November 2016, FASB issued ASU 2016-18 requiring disclosures for changes in total cash, cash equivalents, restricted cash and restricted cash equivalents in the statement of cash flows. The rulings, effective for fiscal years beginning after December 15, 2017, and interim periods within that year have been adopted by the Funds.

Short Sales — All Funds except for Enhanced S&P 500 Index may sell securities short. A short sale involves the sale by a Fund of a security that it does not own with the anticipation of purchasing the same security at a later date at a lower price. If the price of the security has increased during this time, then the Fund will incur a loss equal to the increase in price from the time that the short sale was entered into plus any premiums and interest paid to the third party. Therefore, short sales involve the risk that losses may be exaggerated, potentially losing more money than the actual cost of the investment. Also, there is the risk that the third party to the short sale may fail to honor its contract terms, causing a loss to the Fund. There can be no assurance that a Fund will be able to close out a short position at any particular time or at an acceptable price. Although a Fund's gain is limited to the amount at which it sold a security short, its potential loss is unlimited. The Funds will comply with guidelines established by the Securities and Exchange Commission and other applicable regulatory bodies with respect to coverage of short sales. Effective August 13, 2019, Index Plus discontinued investing in short securities directly and may obtain short and long exposure through the use of swap agreements.

GOTHAM FUNDS

Notes to Financial Statements (Continued) September 30, 2019

As of September 30, 2019, the following Funds had securities sold short, securities pledged as collateral and deposits with brokers for securities sold short:

	<u>Value of Securities Sold Short</u>	<u>Securities Pledged as Collateral</u>	<u>Deposits with Brokers for Securities Sold Short</u>
Index Plus All-Cap	\$1,771,944	\$3,164,483	\$61,981
Enhanced Index Plus	1,394,665	2,913,218	44,139
Enhanced 500 Plus	1,228,956	2,734,463	—

In accordance with the terms of its prime brokerage agreements, the Funds may receive rebate income or be charged fees on securities sold short. Such income or fee is calculated on a daily basis based upon the market value of securities sold short and a variable rate that is dependent upon the availability of such security. These amounts are included in dividends and fees on securities sold short on the Statement of Operations. On the ex-dividend date, dividends on short sales are recorded as an expense to the Fund. The following Funds had net charges as shown in the table below for the year ended September 30, 2019:

	<u>Dividends on Securities Sold Short</u>	<u>Rebate (Income)/Fees</u>
Index Plus	\$9,433,280	\$(11,333,002)

The following Funds utilized short sales proceeds and incurred financing charges to finance purchases of long securities in order to accomplish the Funds' respective investment objectives. A financing fee is charged to the Funds based on the Federal Funds rate plus an agreed upon spread. These fees are included in dividends and fees on securities sold short on the Statement of Operations and are as follows for the year ended September 30, 2019:

	<u>Short Sales Proceeds</u>	<u>Financing Charges</u>
Index Plus	\$ —	\$11,006,100
Index Plus All-Cap	1,681,545	44,241

Swap Agreements — A swap agreement is a bilateral financial instrument that involves the exchange of cash flows between two parties on specified dates (settlement dates), where the cash flows are based on valuation changes to market referenced securities. The nominal amount on which the cash flows are calculated is called the notional amount.

Swap agreements may increase or decrease the overall volatility of the investments of a Fund and its share price. The performance of swap agreements will be affected by a change in the market value of the referenced underlying securities that determine the amounts of payments due to and from a Fund. If a swap agreement calls for payments by a Fund, the Fund must be prepared to make such payments when due. In addition, if the counterparty's creditworthiness declined, the value of a swap agreement would be likely to decline, potentially resulting in losses.

Generally, swap agreements have a fixed maturity date that will be agreed upon by the parties. The agreement can be terminated before the maturity date, in whole or part, under certain circumstances, such as default by one of the parties or insolvency, among others, and can be transferred by a party only with the prior written consent of the other party. A Fund may be able to eliminate its exposure under a swap agreement either by assignment or by other disposition, or by entering into an offsetting swap agreement with the same party or a similarly creditworthy party. If the counterparty is unable to meet its obligations under the contract, declares bankruptcy, defaults or becomes insolvent, a Fund may not be able to recover the money it expected to receive under the swap agreement. A Fund will not enter into any swap agreement unless the Adviser believes that the counterparty to the transaction is creditworthy.

Notes to Financial Statements (Continued) September 30, 2019

A swap agreement can be a form of leverage, which can magnify a Fund's gains or losses. In order to reduce the risk associated with leveraging, a Fund may cover its current obligations under swap agreements according to guidelines established by the SEC. If a Fund enters into a swap agreement on a net basis, it will segregate assets with a daily value at least equal to the excess, if any, of a Fund's accrued obligations under the swap agreement over the accrued amount a Fund is entitled to receive under the agreement. If a Fund enters into a swap agreement on other than a net basis, it will segregate assets with a value equal to the full amount of a Fund's accrued obligations under the swap agreement.

Total Return Swaps: Total return swaps are contracts in which both parties agree to make payments of the total return from a reference instrument during a specified period. The total return includes appreciation or depreciation on the underlying asset, plus any interest or dividend payments. The unrealized appreciation or depreciation also includes interest charges and credits ("financing fees") related to the notional values of the long and short positions and cash balances within the swap. These interest charges and credits are based on a specified benchmark rate, such as the U.S. effective federal funds rate ("EFFR"). Payments under the swap are based upon an agreed upon principal amount but, since the principal amount is not exchanged, it represents neither an asset nor a liability to either counterparty, and is referred to as notional. Total return swaps are marked to market daily using different sources, including quotations from counterparties, pricing services, brokers or market makers. The unrealized appreciation or depreciation related to the change in the valuation of the notional amount of the swap is combined with the amount due to or from the Fund at termination or settlement. The primary risks associated with total return swaps are credit risks (if the counterparty fails to meet its obligations) and market risk (if there is no liquid market for the swap or unfavorable changes occur to the underlying reference instrument). As of and for the year ended September 30, 2019, only Index Plus held total return swaps.

For the period ended September 30, 2019, the average volume of total return swaps was as follows:

	<u>Notional Amount</u>
Index Plus (three month average since inception of total return swaps on July 29, 2019)	\$22,202,863

Counterparty Risk — During the year ended September 30, 2019, Index Plus was subject to counterparty risk. Certain of the derivatives entered into by the Fund may not be traded on an exchange but instead will be privately negotiated in the over-the-counter market. This means that these instruments are traded between counterparties based on contractual relationships. Relying on a counterparty exposes the Fund to the risk that a counterparty will not settle a transaction in accordance with its terms and conditions because of a dispute over the terms of the contract (whether or not bona fide) or because of a credit or liquidity problem, thus causing the Fund to suffer a loss. If a counterparty defaults on its payment obligations to the Fund, this default will cause the value of an investment in the Fund to decrease. In addition, to the extent the Fund deals with a limited number of counterparties, it will be more susceptible to the credit risks associated with those counterparties. The Fund is neither restricted from dealing with any particular counterparty nor from concentrating any or all of its transactions with one counterparty. The ability of the Fund to transact business with any one or number of counterparties and the absence of a regulated market to facilitate settlement may increase the potential for losses by the Fund.

The Fund is subject to the risk that issuers of the instruments in which it invests and trades may default on their obligations, and that certain events may occur that have an immediate and significant adverse effect on the value of those instruments. There can be no assurance that an issuer will not default, or that an event that has an immediate and significant adverse effect on the value of an instrument will not occur, and that the Fund will not sustain a loss on a transaction as a result.

Liquidity Risk — During the year ended September 30, 2019, Index Plus was subject to liquidity risk. The Fund may be subject to liquidity risk primarily due to investments in derivatives. The Fund may invest up to 15% of its net assets in illiquid securities or instruments. Certain derivatives, such as swaps, forward contracts and options may not be readily marketable and, therefore, may be deemed to be illiquid. An asset is not readily marketable if it cannot be sold within seven business days in the ordinary course of business for approximately the amount at which it is valued. Investments in illiquid assets involve the risk that the Fund may be unable to sell the asset or sell it at a reasonable price. In addition, the Fund may be required to liquidate positions or close out derivatives on unfavorable terms at a time contrary to the interests of the Fund in order to raise cash to pay redemptions.

An investment in derivatives is also subject to the risk that the Fund may not be able to terminate the derivatives effective on whatever date it chooses, or that the settlement of any early termination may depend on subsequent market movements. As a result, the Fund may be exposed to the risk of additional losses due to such delays.

Master Netting Agreement — During the year ended September 30, 2019, Index Plus was subject to a Master Netting agreement. In order to define its contractual rights and to secure rights that will help mitigate its counterparty risk, the Fund has entered into an International Swaps and Derivatives Association, Inc. Master Agreement (“ISDA Master Agreement”). An ISDA Master Agreement is a bilateral agreement between the Fund and a counterparty that governs certain OTC derivatives and typically contains, among other things, collateral posting terms and netting provisions in the event of a default and/or termination event. Under an ISDA Master Agreement, the Fund may, under certain circumstances, offset with the counterparty certain derivative financial instruments’ payables and/or receivables with collateral held and/or posted and create one single net payment. The provisions of the ISDA Master Agreement typically permit a single net payment in the event of default including the bankruptcy or insolvency of the counterparty. Bankruptcy or insolvency laws of a particular jurisdiction may restrict or prohibit the right of offset in bankruptcy, insolvency or other events. In addition, certain ISDA Master Agreements allow counterparties to terminate derivative contracts prior to maturity in the event the Fund’s net assets decline by a stated percentage or the Fund fails to meet the terms of its ISDA Master Agreements. The result would cause the Fund to accelerate payment of any net liability owed to the counterparty.

Collateral Requirements — During the year ended September 30, 2019, Index Plus was subject to collateral requirements. For derivatives traded under an ISDA Master Agreement, the collateral requirements are typically calculated by netting the mark-to-market amount for each transaction under such agreement and comparing that amount to the value of any collateral currently pledged by the Fund and the counterparty. Cash collateral that has been pledged to cover obligations of the Fund and cash collateral received from the counterparty, if any, is reported separately on the Statement of Assets and Liabilities as cash pledged as collateral and cash received as collateral, respectively. Non-cash collateral pledged by the Fund, if any, is noted in the Schedule of Investments. Generally, the amount of collateral due from or to a counterparty is subject to a certain minimum transfer amount threshold before a transfer is required, which is determined at the close of business of the Fund. Any additional required collateral is delivered to/pledged by the Fund on the next business day. Typically, the counterparty is not permitted to sell, re-pledge or use cash and non-cash collateral it receives. A Fund generally agrees not to use non-cash collateral that it receives but may, absent default or certain other circumstances defined in the underlying ISDA Master Agreement, be permitted to use cash collateral received. In such cases, interest may be paid pursuant to the collateral arrangement with the counterparty. To the extent amounts due to the Fund from its counterparties are not fully collateralized, they bear the risk of loss from counterparty non-performance. Likewise, to the extent the Fund has delivered collateral to a counterparty and stands ready to perform under the terms of its agreement with such counterparty, it bears the risk of loss from a counterparty in the amount of the value of the collateral in the event the counterparty fails to return such collateral. Based on the terms of agreements, collateral may not be required for all derivative contracts. For financial reporting purposes, the Fund does not offset derivative assets and derivative liabilities that are subject to netting arrangements, if any, in the Statement of Assets and Liabilities.

				Financial Instruments	Collateral Pledged*	Net Amount**
Index Plus	\$(578,184)	\$—	\$(578,184)	\$—	\$578,184	\$—

* Amount disclosed is limited to the amount of assets presented in each Statement of Assets and Liabilities. Actual collateral pledged may be more than the amount shown.

** Net amount represents the net receivable from the counterparty in the event of a default.

2. Transactions with Related Parties and Other Service Providers

Gotham Asset Management, LLC (“Gotham” or the “Adviser”) serves as investment adviser to the Funds pursuant to an investment advisory agreement with the Trust (the “Advisory Agreement”). For its services as the investment adviser, each Fund pays the Adviser a fee, which is computed and accrued daily and paid monthly, at an annual rate based on average daily net assets of each Fund as shown in the table below:

GOTHAM FUNDS

Notes to Financial Statements (Continued) September 30, 2019

Index Plus	1.00%
Index Plus All-Cap	1.00%
Enhanced Index Plus	1.00%
Enhanced 500 Plus	1.00%
Enhanced S&P 500 Index	0.50%
Master Index Plus ⁽¹⁾	—%

⁽¹⁾ For Master Index Plus, Gotham is not entitled to receive an investment advisory fee on assets invested in mutual funds advised by Gotham (each an “underlying fund” and collectively, the “underlying funds”), but is entitled to receive an investment advisory fee of 0.75% of Master Index Plus’ average net assets invested in investments other than an underlying fund. Gotham does not receive an investment advisory fee from the Fund on assets invested in an underlying fund, but does receive an investment advisory fee from each underlying fund as investment adviser to such funds. Master Index Plus does not currently expect to invest in assets other than underlying funds.

The Adviser contractually agreed to reduce its investment advisory fee and/or reimburse certain expenses of each Fund to the extent necessary to ensure that the Fund’s total operating expenses (exclusive of taxes, “Acquired Fund Fees and Expenses,” dividend and interest expense on securities sold short, interest, extraordinary items, and brokerage commissions and for Master Index Plus, exclusive of management fees, if any), do not exceed the percentages set forth in the table below (on an annual basis) of each Fund’s average daily net assets (the “Expense Limitation”). The Expense Limitation will remain in place until the termination date set forth below, unless the Board approves its earlier termination. The table below reflects the Expense Limitation amounts, as a percentage of average daily net assets, in effect during the year ended September 30, 2019.

	Institutional Class	Investor Class	Termination Date
Index Plus	1.15%	1.40%	January 31, 2021

Enhanced S&P 500 Index	0.50%	N/A	January 31, 2021
Master Index Plus ⁽¹⁾	0.00%	N/A	January 31, 2021

⁽¹⁾ Per the Expense Limitation agreement for the Fund, the expenses subject to the expense limitation are also exclusive of management fees, if any.

For the year ended September 30, 2019, investment advisory fees accrued and waivers were as follows:

	Gross Advisory Fee	Waiver/ Reimbursements	Net Advisory Fee/ (Reimbursement)
Index Plus	\$7,182,572	\$(394,965)	\$6,787,607
Index Plus All-Cap	23,683	(127,040)	(103,357)

Enhanced S&P 500 Index	20,582	(111,188)	(90,606)
Master Index Plus	—	(83,468)	(83,468)

For all Funds, except for Enhanced S&P 500 Index, the Adviser is entitled to recover, subject to approval by the Board, such amounts reduced or reimbursed for a period of up to three (3) years from the date on which the Adviser reduced its compensation and/or assumed expenses for the Fund. The Adviser is permitted to seek reimbursement from the Fund, subject to certain limitations, for fees it waived and Fund expenses it paid to the extent the total annual Fund expenses do not exceed the limits described above or any lesser limits in effect at the time of reimbursement. No recoupment will occur unless a Fund’s expenses are below the Expense Limitation amount. Enhanced S&P 500 Index (prior to October 1, 2018, Enhanced S&P 500 Index was entitled to recoup any amounts reduced or reimbursed) is not entitled to recoup any amounts reduced or reimbursed by the Adviser. As of September 30, 2019, the amount of potential reimbursement from the Funds to the Adviser are as follows:

Other Service Providers

The Bank of New York Mellon (“BNY Mellon”) serves as administrator and custodian for the Funds. For providing administrative and accounting services, BNY Mellon is entitled to receive a monthly fee equal to an annual percentage rate of the Funds’ average daily net assets and is subject to certain minimum monthly fees. For providing certain custodial services, BNY Mellon is entitled to receive a monthly fee, subject to certain minimum, and out of pocket expenses.

BNY Mellon Investment Servicing (US) Inc. (the “Transfer Agent”) provides transfer agent services to the Funds. The Transfer Agent is entitled to receive a monthly fee, subject to certain minimum, and out of pocket expenses.

The Trust, on behalf of the Funds, has entered into agreements with financial intermediaries to provide recordkeeping, processing, shareholder communications and other services to customers of the intermediaries investing in the Funds and have agreed to compensate the intermediaries for providing those services. The fees incurred by the Funds for these services are included in Transfer agent fees in the Statement of Operations.

Pershing LLC provides prime brokerage services to the Funds under an Agreement for Prime Brokerage Services. Pershing LLC is a wholly owned subsidiary of The Bank of New York Mellon Corporation.

Foreside Funds Distributors LLC (the “Underwriter”) provides principal underwriting services to the Funds pursuant to an underwriting agreement between the Trust and the Underwriter.

The Trust has adopted a distribution plan for Investor Class shares of Index Plus, in accordance with Rule 12b-1 under the 1940 Act. Pursuant to the Investor Class shares plan, Index Plus compensates the Underwriter for direct and indirect costs and expenses incurred in connection with advertising, marketing and other distribution services in an amount not to exceed 0.25%, on an annualized basis of the Investor Class shares of Index Plus’ average daily net assets.

Trustees and Officers

The Trust is governed by its Board of Trustees. The Trustees receive compensation in the form of an annual retainer and per meeting fees for their services to the Trust. The remuneration paid to the Trustees by the Funds during the year ended September 30, 2019 was \$57,596. An employee of BNY Mellon serves as the Secretary of the Trust and is not compensated by the Funds or the Trust.

JW Fund Management LLC (“JWFM”) provides a Principal Executive Officer and Principal Financial Officer, respectively, to the Trust. Duff & Phelps, LLC (“D&P”) provides the Trust with a Chief Compliance Officer and an Anti-Money Laundering Officer. JWFM and D&P are compensated for their services provided to the Trust.

5. Securities Lending

All Funds, except for Enhanced S&P 500 Index, may lend securities to financial institutions, such as broker-dealers, and are required to be secured continuously by collateral in cash, cash equivalents, letter of credit or U.S. Government securities maintained on a current basis at an amount at least equal to the market value of the securities loaned. Cash collateral received, pursuant to investment guidelines established by the Funds and approved by the Board, is invested in short-term investments and/or securities consistent with the Fund's investment objective. Securities purchased with cash collateral are included in market value of securities designated as collateral for securities on loan on the Statements of Assets and Liabilities. All such investments are made at the risk of the Funds and, as such, the Funds are liable for investment losses. Index Plus pays a fee on the cash collateral received by the Funds at a rate equal to the Federal Funds (Open) rate plus 40 basis points with respect to the cash collateral received on those securities on loan that have a rebate that equals or exceeds the greater of either the Federal Funds (Open) rate minus 10 basis points or zero. These fees are included in the fees on cash collateral on the Statements of Operations. Such loans would involve risks of delay in receiving additional collateral in the event the value of the collateral decreased below the value of the securities loaned or of delay in recovering the securities loaned or even loss of rights in the collateral should the borrower of the securities fail financially.

GOTHAM FUNDS

Notes to Financial Statements (Continued) September 30, 2019

However, loans will be made only to borrowers deemed by the Adviser to be of good standing and only when, in the Adviser's judgment, the income to be earned from the loans justifies the attendant risks. Any loans of a Fund's securities will be fully collateralized and marked to market daily. When the collateral falls below specified amounts, the lending agent will use its best effort to obtain additional collateral on the next business day to meet required amounts under the security lending agreement. During the year ended September 30, 2019, the Funds listed below each had securities lending programs. Effective August 1, 2019, Index Plus terminated the securities lending program. The market value of securities on loan and cash collateral received as of September 30, 2019 and the income generated from the programs during the year ended September 30, 2019, with respect to such loans are as follows:

	<u>Market Value of Securities Loaned</u>	<u>Cash Collateral Received</u>	<u>Market Value of Non-cash Collateral</u>	<u>Income Received from Securities Lending</u>
Index Plus	\$ —	\$ —	\$ —	\$33,982
Enhanced Index Plus	365,122	46,738	326,056	1,242
Enhanced 500 Plus	50,899	141	51,603	68

Securities lending transactions are entered into by the Funds under a Master Securities Lending Agreement ("MSLA") which permits the Funds, under certain circumstances including an event of default (such as bankruptcy or insolvency), to offset amounts payable by the Funds to the same counterparty against amounts to be received from that counterparty and create one single net payment due to or from the Funds. The following table is a summary of each of the Fund's open securities lending transactions which are subject to a MSLA as of September 30, 2019:

6. Federal Tax Information

The Funds have followed the authoritative guidance on accounting for and disclosure of uncertainty in tax positions, which requires the Funds to determine whether a tax position is more likely than not to be sustained upon examination, including resolution of any related appeals or litigation processes, based on the technical merits of the position. The Funds had determined that there was no effect on the financial statements from following this authoritative guidance. In the normal course of business, the Funds are subject to examination by federal, state and local jurisdictions, where applicable, for tax years for which applicable statutes of limitations have not expired.

Distributions are determined in accordance with federal income tax regulations, which may differ in amount or character from net investment income and realized gains for financial reporting purposes. Accordingly, the character of distributions and composition of net assets for tax purposes may differ from those reflected in the accompanying financial statements. To the extent these differences are permanent, such amounts are reclassified within the components of net assets based on the tax treatment; temporary differences do not require reclassifications. Net assets were not affected by these adjustments. The following permanent differences as of September 30, 2019, were primarily attributed to capitalized dividends on short sales, redesignation of dividends paid, equalization utilized and short term capital gain distributions from registered investment companies, were reclassified among the following accounts:

	Increase/(Decrease) Total Distributable Earnings	Increase/(Decrease) Additional Paid-In Capital
Index Plus	\$(1,070,598)	\$1,070,598

The tax character of distributions paid by the Funds during the year ended September 30, 2019 were as follows:

	Ordinary Income Dividend	Long-Term Capital Gain Dividend	Return of Capital
Index Plus	\$2,617,482	\$10,699,747	\$—
Index Plus All-Cap	9,588	—	—

Enhanced S&P 500 Index	102,992	413,397	—
Master Index Plus	132,909	12,329	—

The tax character of distributions paid by the Funds during the year/period ended September 30, 2018 were as follows:

	Ordinary Income Dividend	Long-Term Capital Gain Dividend	Return of Capital
Index Plus	\$898,482	\$—	\$—
Enhanced Index Plus	49,413	—	—
Enhanced S&P 500 Index	105,813	—	—
Master Index Plus	16,622	—	—

Distributions from net investment income and short-term capital gains are treated as ordinary income for federal income tax purposes.

As of September 30, 2019, the components of distributable earnings on a tax basis were as follows:

	Capital Loss Carryforward	Undistributed Ordinary Income	Undistributed Long-Term Gain	Unrealized Appreciation/ (Depreciation)	Qualified Late-Year Losses	Other Temporary Differences
Index Plus	\$(27,122,533)	\$9,432,187	\$ —	\$87,208,518	\$—	\$(3,816,059)
Index Plus All Cap.	(118,844)	21,067	—	314,963	—	(13,794)
Enhanced Index Plus ..	—	27,165	142,077	392,613	—	—
Enhanced 500 Plus.	—	26,316	191,402	209,700	—	—

Master Index Plus	—	140	78,313	67,703	—	—

The differences between the book and tax basis components of distributable earnings relate primarily to the timing and recognition of income and gains for federal income tax purposes. The temporary differences as of September 30, 2019 were primarily attributed to deferral of loss on unsettled trades, wash sales on unsettled short sales, wash sales, straddle losses outstanding, realized gain/loss on unsettled swap agreements, deferred interest expense and capital loss carryforwards not yet utilized. Foreign currency and short-term capital gains are reported as ordinary income for federal income tax purposes.

Master Index Plus	1,248,602	86,767	(19,064)	67,703

Pursuant to federal income tax rules applicable to regulated investment companies, the Funds may elect to treat certain capital losses between November 1 and September 30 and late year ordinary losses ((i) ordinary losses between January 1 and September 30 or (ii) specified ordinary and currency losses between November 1 and September 30) as occurring on the first day of the following tax year. For the year ended September 30, 2019, any amount of losses elected within the tax return will not be recognized for federal income tax purposes until October 1, 2019. For the year ended September 30, 2019, the Funds had no deferred losses.

Accumulated capital losses represent net capital loss carryforwards as of September 30, 2019 that may be available to offset future realized capital gains and thereby reduce future capital gains distributions. The Funds are permitted to carry forward capital losses for an unlimited period. Capital losses that are carried forward will retain their character as either short-term or long-term capital losses. As of September 30, 2019, the following Funds had long-term and short-term capital loss carryforwards in the following amounts:

	<u>Capital Losses Carryforwards</u>
Index Plus	\$27,122,533
Index Plus All-Cap	118,844

For the year ended September 30, 2019, the Funds did not utilize capital losses.

7. Subsequent Events

Management has evaluated the impact of all subsequent events on the Funds through the date the financial statements were available to be issued, and has determined that there are no material subsequent events requiring recognition or disclosure in the financial statements.

Report of Independent Registered Public Accounting Firm

To the Board of Trustees of FundVantage Trust and Shareholders of each of the six funds listed in the table below

Opinions on the Financial Statements

We have audited the accompanying statements of assets and liabilities, including the portfolios of investments, of each of the funds listed in the table below (six of the funds constituting FundVantage Trust, referred to hereafter collectively as the “Funds”) as of September 30, 2019, the related statements of operations and of changes in net assets for each of the periods indicated in the table below, and for the four funds designated with an asterisk in the table below, the statements of cash flows for the periods indicated in the table below, including the related notes, and the financial highlights for each of the periods indicated therein (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial position of each of the Funds as of September 30, 2019, the results of each of their operations, the changes in each of their net assets, and for the four funds designated with an asterisk in the table below, the results of each of their cash flows for the periods indicated in the table below and each of the financial highlights for each of the periods indicated therein in conformity with accounting principles generally accepted in the United States of America.

Gotham Index Plus Fund*, Gotham Enhanced Index Plus Fund*, and Gotham Enhanced 500 Plus Fund*	Statements of operations and cash flows for the year ended September 30, 2019 and the statements of changes in net assets for each of the two years in the period ended September 30, 2019
Gotham Index Plus All-Cap Fund*	Statement of operations and cash flows for the year ended September 30, 2019 and the statement of changes in net assets for the year ended September 30, 2019 and the period from December 29, 2017 (inception) through September 30, 2018
Gotham Enhanced S&P 500 Index Fund and Gotham Master Index Plus Fund	Statements of operations for the year ended September 30, 2019 and the statements of changes in net assets for each of the two years in the period ended September 30, 2019

Basis for Opinions

These financial statements are the responsibility of the Funds’ management. Our responsibility is to express an opinion on the Funds’ financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Funds in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits of these financial statements in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud.

GOTHAM FUNDS

Report of Independent Registered Public Accounting Firm (Concluded)

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. Our procedures included confirmation of securities owned as of September 30, 2019 by correspondence with the custodian, transfer agent and brokers; when replies were not received from brokers, we performed other auditing procedures. We believe that our audits provide a reasonable basis for our opinions.

Shareholder Tax Information (Unaudited)

Foreign shareholders will generally be subject to U.S. withholding tax on the amount of their ordinary income dividends. They will generally not be entitled to a foreign tax credit or deduction for the withholding taxes paid by a Fund, if any.

In general, dividends received by tax-exempt recipients (e.g., IRAs and Keoghs) need not be reported as taxable income for U.S. federal income tax purposes. However, some retirement trusts (e.g., corporate, Keogh and 403(b)(7) plans) may need this information for their annual information reporting.

Shareholders are advised to consult their own tax advisers with respect to the tax consequences of their investment in a Fund.

Proxy Voting

Policies and procedures that the Funds use to determine how to vote proxies relating to portfolio securities as well as information regarding how a Fund voted proxies relating to portfolio securities for the most recent 12-month period ended June 30 are available without charge, upon request, by calling (877) 974-6852 and on the Securities and Exchange Commission's ("SEC") website at <http://www.sec.gov>.

Quarterly Portfolio Schedules

The Trust files its complete schedule of portfolio holdings with the SEC for the first and third fiscal quarters of each fiscal year (quarters ended December 31 and June 30) as an exhibit to their reports on Form N-PORT, which has replaced Form N-Q. The Trust's portfolio holdings on Form N-PORT are available on the SEC's website at <http://www.sec.gov>.

Board Consideration of Investment Advisory Agreement

At a meeting held on June 24-25, 2019 (the "Meeting"), the Board of Trustees (the "Board" or the "Trustees") of FundVantage Trust (the "Trust"), including a majority of the Trustees who are not "interested persons" within the meaning of Section 2(a)(19) of the Investment Company Act of 1940, as amended (the "1940 Act") (the "Independent Trustees"), unanimously approved the continuation for an additional one-year period of the advisory agreement between Gotham Asset Management, LLC ("Gotham" or the "Adviser") and the Trust (the "Agreement") on behalf of the Gotham Index Plus Fund, Gotham Index Plus All-Cap Fund, Gotham Enhanced Index Plus Fund, Gotham Enhanced 500 Plus Fund, Gotham Enhanced S&P 500 Index Fund and Gotham Master Index Plus Fund (together, the "Gotham Funds").

In determining whether to approve the Agreement, the Trustees considered information provided by the Adviser in accordance with Section 15(c) of the 1940 Act regarding: (i) services performed for the Gotham Funds, (ii) the size and qualifications of their portfolio management staff, (iii) any potential or actual material conflicts of interest which may arise in connection with a portfolio manager's management of the Gotham Funds, (iv) investment performance, (v) the capitalization and financial condition of Gotham, (vi) brokerage selection procedures (including soft dollar arrangements, if any), (vii) the procedures for allocating investment opportunities between the Gotham Funds and other clients, (viii) results of any regulatory examination, including any recommendations or deficiencies noted, (ix) any litigation, investigation or administrative proceeding which may have a material impact on Gotham's ability to service the Gotham Funds, (x) compliance with the Gotham Funds' investment objectives, policies and practices (including codes of ethics and proxy voting policies) and (xi) compliance with federal securities laws and other regulatory requirements. The Trustees noted the reports and discussions with the Adviser as provided at the Board meetings throughout the year covering matters such as the relative performance of the Gotham Funds; compliance with the investment objectives, policies, strategies and limitations for the Gotham Funds; the compliance of management personnel with the applicable code of ethics; and the adherence to the Trust's pricing procedures as established by the Board.

Performance. The Trustees considered the investment performance for the Gotham Funds and Gotham. The Trustees reviewed historical performance charts which showed the performance of the Gotham Funds as compared to their respective benchmark indices and Lipper categories for the since inception, year-to-date one year, two year and three year periods ended March 31, 2019 as applicable. The Trustees considered the short term and long term performance of the Gotham Funds, as applicable. The Trustees noted that they considered performance reports provided at Board meetings throughout the year.

Gotham Index Plus Fund. The Trustees noted that the Gotham Index Plus Fund Institutional Class shares outperformed the S&P 500 Total Return Index for the since inception period ended March 31, 2019 and underperformed the S&P 500 Total Return Index for the year-to-date, one year, two year and three year periods ended March 31, 2019. They further noted that the Gotham Index Plus Fund Institutional Class shares outperformed the Lipper Large-Cap Core Funds Index for the two year, three year and since inception periods ended March 31, 2019 and underperformed the Lipper Large-Cap Core Funds Index for the year-to-date and one year periods ended March 31, 2019. The Trustees concluded that the performance of the Gotham Index Plus Fund was within an acceptable range of performance relative to other mutual funds with similar investment objectives, strategies and policies based on the information provided at the Meeting.

GOTHAM FUNDS

Other Information (Continued) (Unaudited)

Gotham Index Plus All-Cap. The Trustees noted that the Gotham Index Plus All-Cap Fund underperformed the S&P 500 Total Return Index for the year-to-date, one year and since inception periods ended March 31, 2019. The Trustees concluded that the performance of the Gotham Index Plus All-Cap Fund was within an acceptable range of performance relative to other mutual funds with similar investment objectives, strategies and policies based on the information provided at the Meeting.

Gotham Enhanced Index Plus Fund. The Trustees noted that the Gotham Enhanced Index Plus Fund underperformed the S&P 500 Total Return Index for the year-to-date and one year periods ended March 31, 2019 and outperformed the S&P 500 Total Return Index for the two year and since inception periods ended March 31, 2019. They further noted that the Gotham Enhanced Index Plus Fund underperformed the Lipper Multi-Cap Core Funds Index for the year-to-date period ended March 31, 2019 and outperformed the Lipper Multi-Cap Core Funds Index for the one year, two year and since inception periods ended March 31, 2019. The Trustees concluded that the performance of the Gotham Enhanced Index Plus Fund was within an acceptable range of performance relative to other mutual funds with similar investment objectives, strategies and policies based on the information provided at the Meeting.

Gotham Enhanced 500 Plus Fund. The Trustees noted that the Gotham Enhanced 500 Plus Fund underperformed the S&P 500 Total Return Index for the year-to-date and one year periods ended March 31, 2019 and outperformed the S&P 500 Total Return Index for the two year and since inception periods ended March 31, 2019. They further noted that the Gotham Enhanced 500 Plus Fund outperformed the Lipper Alternative Long/Short Equity Funds Index for the year-to-date, one year, two year and since inception periods ended March 31, 2019. The Trustees concluded that the performance of the Gotham Enhanced 500 Plus Fund was within an acceptable range of performance relative to other mutual funds with similar investment objectives, strategies and policies based on the information provided at the Meeting.

Gotham Enhanced S&P 500 Index Fund. The Trustees noted that the Gotham Enhanced S&P 500 Index Fund outperformed the Lipper Large-Cap Core Funds Index for the year-to-date, one year, two year and since inception periods ended March 31, 2019. They further noted that the Gotham Enhanced S&P 500 Index Fund outperformed the S&P 500 Total Return Index for the one year, two year and since inception periods ended March 31, 2019 and underperformed the S&P 500 Total Return Index for the year-to-date period ended March 31, 2019. The Trustees concluded that the performance of the Gotham Enhanced S&P 500 Index Fund was within an acceptable range of performance relative to other mutual funds with similar investment objectives, strategies and policies based on the information provided at the Meeting.

Gotham Master Index Plus Fund. The Trustees noted that the Gotham Master Index Plus Fund outperformed the HFRX Equity Hedge Index and Lipper Alternative Long/Short Equity Funds Index for the year-to-date, one year and since inception periods ended March 31, 2019. The Trustees concluded that the performance of the Gotham Master Index Plus Fund was within an acceptable range of performance relative to other mutual funds with similar investment objectives, strategies and policies based on the information provided at the Meeting.

Fees. The Trustees noted that the representatives of Gotham had provided information regarding its advisory fees and an analysis of these fees in relation to the services provided to the Funds and any other ancillary benefit resulting from the Gotham's relationship with the Funds.

The Trustees also reviewed information regarding the fees Gotham charges to other clients and evaluated explanations provided by Gotham as to differences in fees charged to the Funds and other similarly managed accounts. The Trustees reviewed fees charged by other advisers that manage comparable mutual funds with similar strategies. The Trustees concluded that the advisory fees and services provided by Gotham are consistent with those of other advisers that manage mutual funds with investment objectives, strategies and policies similar to those of the Funds as measured by the information provided by Gotham.

The Board considered, among other data, the specific factors and related conclusions set forth below with respect to each Fund:

Gotham Index Plus Fund. With respect to advisory fees and expenses, the gross advisory fee and net total expense ratio for the Gotham Index Plus Fund's Institutional Class shares were each higher than the gross advisory fee and net total expense ratio of the median of funds with a similar share class in the Fund's relevant expense universe. The Trustees also discussed the limitations of the comparative expense information of the Gotham Index Plus Fund, given the potential varying nature, extent and quality of the services provided by the advisors of other portfolios included in the Lipper category. Based upon their review, the Trustees concluded that the advisory fee was reasonable in light of the high quality of services received by the Fund from Gotham.

GOTHAM FUNDS

Other Information (Continued) (Unaudited)

Gotham Index Plus All-Cap Fund. With respect to advisory fees and expenses, the gross advisory fee and net total expense ratio for the Gotham Index Plus All-Cap Fund's Institutional Class shares were equal to and lower than the gross advisory fee and net total expense ratio of the median of funds with a similar share class in the Fund's relevant expense universe, including funds with \$250 million or less in assets, respectively. The Trustees also discussed the limitations of the comparative expense information of the Gotham Index Plus All-Cap Fund, given the potential varying nature, extent and quality of the services provided by the advisors of other portfolios included in the Lipper category. Based upon their review, the Trustees concluded that the advisory fee was reasonable in light of the high quality of services received by the Fund from Gotham.

Gotham Enhanced Index Plus Fund. With respect to advisory fees and expenses, the gross advisory fee and net total expense ratio for the Gotham Enhanced Index Plus Fund's Institutional Class shares were each higher than the gross advisory fee and net total expense ratio of the median of funds with a similar share class in the Fund's relevant expense universe, including funds with \$250 million or less in assets. The Trustees also discussed the limitations of the comparative expense information of the Gotham Enhanced Index Plus Fund, given the potential varying nature, extent and quality of the services provided by the advisors of other portfolios included in the Lipper category. Based upon their review, the Trustees concluded that the Fund's advisory fee was reasonable in light of the high quality of services received by the Fund from Gotham.

Gotham Enhanced 500 Plus Fund. With respect to advisory fees and expenses, the gross advisory fee and net total expense ratio for the Gotham Enhanced 500 Plus Fund's Institutional Class shares were equal to and lower than the gross advisory fee and net total expense ratio of the median of funds with a similar share class in the Fund's relevant expense universe, including funds with \$250 million or less in assets, respectively. The Trustees also discussed the limitations of the comparative expense information of the Gotham Enhanced 500 Plus Fund, given the potential varying nature, extent and quality of the services provided by the advisors of other portfolios included in the Lipper category. Based upon their review, the Trustees concluded that the Fund's advisory fee was reasonable in light of the high quality of services received by the Fund from Gotham.

Gotham Enhanced S&P 500 Index Fund. With respect to advisory fees and expenses, the gross advisory fee and net total expense ratio for the Gotham Enhanced S&P 500 Index Fund's Institutional Class shares were equal to and lower than the gross advisory fee and net total expense ratio of the median of funds with a similar share class in the Fund's relevant expense universe, including funds with \$250 million or less in assets, respectively. The Trustees also discussed the limitations of the comparative expense information of the Gotham Enhanced S&P 500 Index Fund, given the potential varying nature, extent and quality of the services provided by the advisors of other portfolios included in the Lipper category. Based upon their review, the Trustees concluded that the Fund's advisory fee was reasonable in light of the high quality of services received by the Fund from Gotham.

Gotham Master Index Plus Fund. With respect to advisory fees and expenses, the gross advisory fee and net total expense ratio for the Gotham Master Index Plus Fund's Institutional Class shares were each lower than the gross advisory fee and net total expense ratio of the median of funds with a similar share class in the Fund's relevant expense universe, including funds with \$250 million or less in assets. The Trustees discussed that the Gotham Master Index Plus Fund is a "fund of funds," and that there is no advisory fee in respect of assets invested in other funds advised by Gotham. The Trustees also discussed the limitations of the comparative expense information of the Gotham Master Index Plus Fund, given the potential varying nature, extent and quality of the services provided by the advisors of other portfolios included in the Lipper category. Based upon their review, the Trustees concluded that the Fund's advisory fee was reasonable in light of the high quality of services received by the Fund from Gotham.

Nature and Quality of Services Provided by Adviser. The Trustees then considered the level and depth of knowledge of Gotham, including the professional experience and qualifications of senior personnel. In evaluating the quality of services provided by Gotham, the Board took into account its familiarity with Gotham's senior management through Board meetings, discussions and reports during the preceding year. The Board also took into account Gotham's compliance policies and procedures and reports regarding Gotham's compliance operations from the Trust's CCO. The Board also considered any potential conflicts of interest that may arise in a portfolio manager's management of the Gotham Funds' investments on the one hand, and the investments of other accounts, on the other. The Trustees reviewed the services provided to each Gotham Fund by Gotham and concluded that the nature, extent and quality of the services provided were appropriate and consistent with the terms of the Gotham Agreement, that the quality of the services appeared to be consistent with industry norms and that the Gotham Funds are likely to benefit from the continued receipt of those services. They also concluded that Gotham has sufficient personnel, with the appropriate education and experience, to serve the Gotham Funds effectively and had demonstrated their ability to attract and retain qualified personnel.

GOTHAM FUNDS

Other Information (Concluded) (Unaudited)

Cost and Profitability. The Trustees then considered the costs of the services provided by Gotham, the compensation and benefits received by Gotham in providing services to the Gotham Funds, as well as Gotham's profitability. The Trustees considered any direct or indirect revenues which would be received by Gotham. The Trustees noted that the level of profitability is an appropriate factor to consider, and the Trustees should be satisfied that Gotham's profits are sufficient to continue as a healthy concern generally and as investment adviser of the Gotham Funds. Based on the information provided, the Trustees concluded that Gotham's advisory fee level was reasonable in relation to the nature and quality of the services provided, taking into account the current size and projected continued growth of the Gotham Funds.

Economies of Scale. In considering the reasonableness of the management and investment advisory fees rates, the Board considered whether economies of scale will be realized as the Gotham Funds grow and whether fee rate levels reflect these economies of scale for the benefit of Fund shareholders. The Board noted Gotham's representation that none of the Funds have reached an asset size at which economies of scale would traditionally be considered to exist, and the Manager's belief that breakpoints are not appropriate at this time. The Board further considered Gotham's representation that the nature of the funds' long-short investment strategies were such that future capacity in certain funds was constrained based on Gotham's ability to implement the strategy above certain asset levels, and as such the Fund's ability to achieve future economies of scale were limited relative to more traditional asset classes. Based on the foregoing information, the Board concluded that economies of scale did not yet exist for the Funds and that therefore it was not yet necessary to consider whether the fee structure of the funds provided an adequate mechanism for sharing the benefit of any such economies.

The Trustees determined to approve the Gotham Agreement for an additional one year period. In voting to approve the continuation of the Gotham Agreement, the Board considered all factors it deemed relevant and the information presented to the Board by Gotham. In arriving at its decision, the Board did not identify any single factor as being of paramount importance and each member of the Board gave varying weights to each factor according to his or her own judgment. The Board determined that the continuation of the Gotham Agreement would be in the best interests of the Gotham Funds and their shareholders. The Board, including a majority of the Independent Trustees, unanimously approved the Agreement for an additional one year period.

Fund Management (Unaudited)

FundVantage Trust (the "Trust") is governed by a Board of Trustees (the "Board" or the "Trustees"). The primary responsibility of the Trustees is to represent the interest of the Trust's shareholders and to provide oversight management of the Trust.

The following tables present certain information regarding the Board of Trustees and officers of the Trust. None of the Trustees are an "interested person" of the Trust, the Adviser, another investment adviser of a series of the Trust, or Foreside Funds Distributors LLC, the principal underwriter of the Trust ("Underwriter"), within the meaning of the 1940 Act and each Trustee is referred to as an "Independent Trustee" and is listed under such heading below. Employees of certain service providers to the Trust serve as officers of the Trust; such persons are not compensated by the Fund. The address of each Trustee and officer as it relates to the Trust's business is 301 Bellevue Parkway, 2nd Floor, Wilmington, DE 19809.

The Statement of Additional Information for the Funds contains additional information about the Trustees and is available, without charge, upon request, by calling (877) 974-6852.
