## Important Information

*The performance data quoted in this report represents past performance and does not guarantee future results. The investment return and principal value of an investment in a Gotham Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Current performance may be lower or higher. Performance data current to the most recent month-end may be obtained by calling (877) 974-6852.*

Each Gotham Fund covered by this report (each a "Fund") compares its performance to an unmanaged index. An index does not reflect operational and transactional costs which apply to a mutual fund. It is not possible to invest directly in an index.

Mutual fund investing involves risks, including possible loss of principal. Each Fund except Gotham Large Value Fund and Gotham Enhanced S&P 500 Index Fund will short securities. Short sales theoretically involve unlimited loss potential since the market price of securities sold short may continuously increase. Each Fund, except Gotham Large Value Fund and Gotham Enhanced S&P 500 Index Fund, will also use leverage to make additional investments which could result in greater losses than if the Fund were not leveraged. Gotham Absolute Return Fund, Gotham Enhanced Return Fund, Gotham Neutral Fund and Gotham Index Plus Fund utilize one or more swap agreements in their investment programs. The use of derivatives, such as swaps, exposes a Fund to additional risks including increased volatility, lack of liquidity and possible losses greater than a Fund's initial investments. Certain Funds may invest in securities of large-, mid- and small-cap companies. The securities issued by small-cap and mid-cap companies tend to be more volatile and less liquid than those of large-cap issuers. Each Fund may have a high turnover of its portfolio securities. High turnover rates generally result in higher brokerage costs to a Fund. There can be no guarantee that a Fund will achieve its objectives.

*A prospective investor should consider the investment objectives, risks, charges and expenses of a Fund carefully before investing. The prospectus and summary prospectus contains this and other information about the Funds, and should be read carefully before investing. A copy of the prospectus or summary prospectus is available at [www.GothamFunds.com](http://www.GothamFunds.com) or by calling (877) 974-6852.*

**Dear Shareholder,**

Equity markets experienced high volatility and a significant drop in valuations this year on negative macroeconomic news including higher inflation and corresponding Federal Reserve ("Fed") monetary policy tightening, slowing corporate earnings and geopolitical turmoil. The S&P 500 Index and Russell 1000 Index returned -23.9% and -24.6%, respectively, for the YTD period ending September 30, 2022. The Russell 2000 Index, a small-cap benchmark, returned -25.1% YTD. Continuing the value/growth reversal trend that began in Q4 2020, the Russell 1000 Value benchmark beat the Russell 1000 Growth benchmark by approximately 13% YTD. Despite the outperformance of Value in 2021 and 2022, cumulative five-year trailing returns for the Russell 1000 Value benchmark (+29.4%) are significantly less than half that of the Russell 1000 Growth benchmark (+77.5%). We continue to be pleased with the relative performance of our strategies in a difficult market environment and appreciate that this "value tailwind" helped us achieve positive long/short spreads across all of our strategies.

Despite the market decline, valuations remain attractive based on our metrics. The S&P 500 Index is currently in the 32<sup>nd</sup> percentile towards expensive over our research history of the last 31 years. Cumulative two-year forward returns for the Index from these levels in the past have averaged 18-20%. The Russell 2000 Index remains markedly more expensive, trading at 55x our estimate of cash flows, and is in the 1<sup>st</sup> percentile towards expensive over our research history. Two-year forward returns for the Index from these valuation levels in the past have been slightly negative. In summary, the market is priced somewhat cheaper than it has been over the last few years. Our opportunity set includes attractive absolute and relative opportunities.

We have been consistent in emphasizing that our definition of value is different than Russell or Morningstar. Our investment process favors companies with strong operating fundamentals and cash flows. We like to own companies that are not just absolutely cheap, but relatively cheap. On the long side, we are generally overweight stocks that are big cash generators with high returns on capital but remain out of favor for varying reasons. Conversely, we are generally short stocks that trade at multiples of 50, 100, or more times free cash flow or companies with negative cash flow. This continues to make overwhelming sense to us.

We remain disciplined in our approach to managing portfolio risks and, given valuation levels, we are very optimistic about the opportunity set for our long/short spreads over the coming period.

### Annual Report Performance Data September 30, 2022 (Unaudited)

Comparison of Change in Value of \$100,000 Investment in Gotham Absolute Return Fund Institutional Class Shares vs. Hedge Fund Research Inc. Equity Hedge Index ("HFRX")

#### Average Annual Total Returns for the Years Ended September 30, 2022

	1 Year	3 Years	5 Years	10 Years
Institutional Class Shares	-2.15%	2.93%	3.27%	5.72%
HFRX Equity Hedge Index	-2.27%	4.65%	2.84%	3.24%

**Past performance does not guarantee future results.** The graph and table do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or redemption of Fund shares; nor a 1.00% fee applied by the Fund's Institutional Class to the value of shares redeemed within 30 days of purchase.

As stated in the current prospectus dated February 1, 2022, the "Total Annual Fund Operating Expenses" are 1.77% and the "Total Annual Fund Operating Expenses After Fee Waivers and/or Expense Reimbursements" are 1.50% for Institutional Class Shares of the Fund's average daily net assets. These ratios may differ from the actual expense incurred by the Fund for the period covered by this report. Gotham Asset Management, LLC ("Gotham" or the "Adviser") has contractually agreed to reduce its investment advisory fee and/or reimburse certain expenses of the Fund to the extent necessary to ensure that the Fund's "Other Expenses" (exclusive of taxes, dividend and interest expense on securities sold short, interest, extraordinary items, and brokerage commissions) do not exceed 0.00% (on an annual basis) of average daily net assets of the Fund (the "Expense Limitation"). The Expense Limitation will remain in place until January 31, 2023, unless the Board of Trustees of FundVantage Trust (the "Trust") approves its earlier termination. Additionally, Gotham has contractually agreed to reduce the Fund's annual investment advisory fee by the dollar amount of "total annual fund operating expenses after fee waivers" attributable to any Fund assets invested in other investment companies advised or sub-advised by Gotham (each an "underlying fund" and collectively, the "underlying funds"), and the amount of such reduction is calculated based on the Fund's average daily assets invested in an underlying fund and the "total annual fund operating expenses after fee waivers" disclosed in such underlying fund's "Annual Fund Operating Expenses" table in the summary section of an underlying fund's currently effective prospectus. The effect of the reduction is intended to provide that Gotham's aggregate direct and indirect compensation from the Fund and any underlying fund, respectively, does not exceed the 1.50% annual investment advisory fee paid by the Fund.

The Fund evaluates its performance as compared to that of the HFRX. The HFRX is an index of quantitatively-selected hedge funds which maintain positions both long and short in primarily equity and equity derivative securities. Constituents of the HFRX report net of all fees returns.

## Fund Expense Disclosure September 30, 2022 (Unaudited)

As a shareholder of the Funds, you incur two types of costs: (1) transaction costs, including redemption fees; and (2) ongoing costs, including management fees, distribution and/or service (Rule 12b-1) fees (if any) and other Fund expenses. These examples are intended to help you understand your ongoing costs (in dollars) of investing in the Fund(s) and to compare these costs with the ongoing costs of investing in other mutual funds.

These examples are based on an investment of \$1,000 invested at the beginning of the six-month period from April 1, 2022 through September 30, 2022.

### Actual Expenses

The first line for each Fund in the accompanying table provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000= 8.6), then multiply the result by the number in the first line under the heading entitled "Expenses Paid During Period" to estimate the expenses you paid on your account during this period.

### Hypothetical Example for Comparison Purposes

The second line for each Fund in the accompanying table provides information about hypothetical account values and hypothetical expenses based on the Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not your Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in the Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of other funds.

Please note that the expenses shown in the accompanying table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as redemption fees. Therefore, the second line of the accompanying table is useful in comparing ongoing costs only and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

# GOTHAM ABSOLUTE RETURN FUND

## Portfolio of Investments (Continued) September 30, 2022

### Over-the-counter total return swaps outstanding as of September 30, 2022

The Fund maintains a portfolio of long and short positions and receives/pays a rebate based upon the Fed Funds 1-Day Rate less a specified spread as negotiated by the parties. The notional gain or loss, dividends payable and rebates are payable the earlier of maturity of the swaps or upon termination. The portfolio matures between July 23, 2025 and July 8, 2027, however underlying individual contracts are entered into and closed (terminated) on a daily basis. The cash amounts payable/receivable due to individual contracts being closed are settled, on a net basis, once a week. The value of total return swaps represents (35.1)% of net assets as of September 30, 2022.

The following table represents the individual long and short positions and related values of total return swaps as of September 30, 2022:

# GOTHAM ENHANCED RETURN FUND

## Portfolio of Investments (Continued) September 30, 2022

### Over-the-counter total return swaps outstanding as of September 30, 2022

The Fund maintains a portfolio of long and short positions and receives/pays a rebate based upon the Fed Funds 1-Day Rate less a specified spread as negotiated by the parties. The notional gain or loss, dividends payable and rebates are payable the earlier of maturity of the swaps or upon termination. The portfolio matures between August 27, 2024 and July 8, 2027, however underlying individual contracts are entered into and closed (terminated) on a daily basis. The cash amounts payable/receivable due to individual contracts being closed are settled, on a net basis, once a week. The value of total return swaps represents 3.9% of net assets as of September 30, 2022.

The following table represents the individual long and short positions and related values of total return swaps as of September 30, 2022:

## Portfolio of Investments (Continued) September 30, 2022

### Over-the-counter total return swaps outstanding as of September 30, 2022

The Fund maintains a portfolio of long and short positions and receives/pays a rebate based upon the Fed Funds 1-Day Rate less a specified spread as negotiated by the parties. The notional gain or loss, dividends payable and rebates are payable the earlier of maturity of the swaps or upon termination. The portfolio matures between August 29, 2025 and July 8, 2027, however underlying individual contracts are entered into and closed (terminated) on a daily basis. The cash amounts payable/receivable due to individual contracts being closed are settled, on a net basis, once a week. The value of total return swaps represents (68.4)% of net assets as of September 30, 2022.

The following table represents the individual long and short positions and related values of total return swaps as of September 30, 2022:

## Portfolio of Investments (Continued) September 30, 2022

### Over-the-counter total return swaps outstanding as of September 30, 2022

The Fund maintains a portfolio of long and short positions and receives/pays a rebate based upon the Fed Funds 1-Day Rate less a specified spread as negotiated by the parties. The notional gain or loss, dividends payable and rebates are payable the earlier of maturity of the swaps or upon termination. The portfolio matures between July 29, 2024 and July 8, 2027, however underlying individual contracts are entered into and closed (terminated) on a daily basis. The cash amounts payable/receivable due to individual contracts being closed are settled, on a net basis, once a week. The value of total return swaps represents 6.0% of net assets as of September 30, 2022.

The following table represents the individual long and short positions and related values of total return swaps as of September 30, 2022:

## Gotham Absolute Return Fund Financial Highlights

Contained below is per share operating performance data for Institutional Class shares outstanding, total investment return, ratios to average net assets and other supplemental data for the respective period. The total returns in the table represent the rate that an investor would have earned or lost on an investment in the Fund (assuming reinvestment of all dividends and distributions). This information has been derived from information provided in the financial statements and should be read in conjunction with the financial statements and the notes thereto.

## Notes to Financial Statements September 30, 2022

### 1. Organization and Significant Accounting Policies

The Gotham Absolute Return Fund, the Gotham Enhanced Return Fund, the Gotham Neutral Fund, the Gotham Index Plus Fund, the Gotham Large Value Fund, the Gotham Enhanced S&P 500 Index Fund and the Gotham Hedged Core Fund (each a “Fund” and together, the “Funds”) are each a diversified, open-end management investment company registered under the Investment Company Act of 1940, as amended (the “1940 Act”). The Funds are each a separate series of FundVantage Trust (the “Trust”) which was organized as a Delaware statutory trust on August 28, 2006. The Trust is a “series trust” authorized to issue an unlimited number of separate series or classes of shares of beneficial interest. Each series is treated as a separate entity for certain matters under the 1940 Act, and for other purposes, and a shareholder of one series is not deemed to be a shareholder of any other series. Each of the Funds, except for the Gotham Index Plus Fund, offers one class of shares, Institutional Class. The Gotham Index Plus Fund offers two classes of shares, Institutional Class and Investor Class. The Funds’ commencement of operations are as follows:

Gotham Absolute Return Fund (“Absolute Return”) . . . . .	August 31, 2012
Gotham Enhanced Return Fund (“Enhanced Return”) . . . . .	May 31, 2013
Gotham Neutral Fund (“Neutral”) . . . . .	August 30, 2013
Gotham Index Plus Fund (“Index Plus”) . . . . .	March 31, 2015
Gotham Large Value Fund (“Large Value”) . . . . .	December 31, 2015
Gotham Enhanced S&P 500 Index Fund (“Enhanced S&P 500 Index”) . . . . .	December 30, 2016
Gotham Hedged Core Fund (“Hedged Core”) . . . . .	September 30, 2016

All the Funds, except for Large Value and Enhanced S&P 500 Index, seek to achieve their investment objectives by primarily investing in long and short positions of U.S. equity securities. Equity securities include common and preferred stocks. Large Value seeks to achieve its investment objective by primarily investing in long positions of U.S. large capitalization equity securities with market capitalization similar to companies in the S&P 500<sup>®</sup> Index or Russell 1000<sup>®</sup> Index, but may invest in other large capitalization companies. Enhanced S&P 500 Index seeks to achieve its investment objective by generally investing at least 80% of its assets in U.S. equity securities listed in the S&P 500<sup>®</sup> Index.

The Funds are investment companies and follow accounting and reporting guidance in the Financial Accounting Standards Board *Accounting Standards Codification* Topic 946.

**Portfolio Valuation** — Each Fund’s net asset value (“NAV”) is calculated once daily at the close of regular trading hours on the New York Stock Exchange (“NYSE”) (typically 4:00 p.m. Eastern time) on each business day the NYSE is open. Each Fund’s equity securities, including exchange-traded funds, listed on any national or foreign exchange market system will be valued at the last sale price. Equity securities traded in the over-the-counter (“OTC”) market are valued at their closing sale or official closing price. If there were no transactions on that day, securities traded principally on an exchange will be valued at the mean of the last bid and ask prices prior to the market close. Securities that do not have a readily available current market value are valued in good faith by Gotham Asset Management, LLC (“Gotham” or “the Adviser”) as “valuation designee” under the oversight of the Trust’s Board of Trustees. Relying on prices supplied by pricing services or dealers or using fair valuation may result in values that are higher or lower than the values used by other investment companies and investors to price the same investments. The Adviser has adopted written policies and procedures for valuing securities and other assets in circumstances where market quotes are not readily available. In the event that market quotes are not readily available, and the security or asset cannot be valued pursuant to one of the valuation methods, the value of the security or asset will be determined in good faith by the Adviser pursuant to its policies and procedures. On a quarterly basis, the Adviser’s fair valuation determinations will be reviewed by the Trust’s Board of Trustees. Prices for equity securities normally are supplied by an independent pricing service approved by the Board of Trustees (the “Board”). Any assets held by a Fund that are denominated in foreign currencies are valued daily in U.S. dollars at the foreign currency exchange rates that are prevailing at the time that a Fund determines the daily NAV per share. Foreign securities may trade on weekends or other days when a Fund does not calculate NAV. As a result, the market value of these investments may change on days when you cannot buy or sell shares of a Fund. Certain Funds invest in securities of other investment companies, which are valued at their respective NAVs as determined by those investment companies each business day. OTC investments (including swap agreements) are generally valued by approved pricing services that use evaluated prices from various observable market factors.

**Fair Value Measurements** — The inputs and valuation techniques used to measure fair value of the Funds’ investments are summarized into three levels as described in the hierarchy below:

# GOTHAM FUNDS

## Notes to Financial Statements (Continued) September 30, 2022

- Level 1 — quoted prices in active markets for identical securities;
- Level 2 — other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.); and
- Level 3 — significant unobservable inputs (including the Funds' own assumptions in determining the fair value of investments).

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. Transfers in and out are recognized at the value at the end of the period.

All financial instruments listed in the Portfolio of Investments are considered Level 1, measured at fair value on a recurring basis based on quoted prices for identical assets in active markets, except for the following: one security was fair valued with an end of period value of \$0, \$624 and \$164,216 held by the Neutral, Enhanced S&P 500 Index and Hedged Core Fund, respectively; two securities were fair valued with a total end of period value of \$607,568 and \$171,288 held by the Absolute Return and Enhanced Return Fund, respectively; and total return swaps with an end of period unrealized appreciation of \$100,815,980, \$48,968,084, \$17,112,978 and \$97,462,597 held by Absolute Return, Enhanced Return, Neutral, and Index Plus, respectively. These securities are considered Level 2 as of and for the year ended September 30, 2022.

At the end of each quarter, management evaluates the classification of Levels 1, 2 and 3 assets and liabilities. Various factors are considered, such as changes in liquidity from the prior reporting period; whether or not a broker is willing to execute at the quoted price; the depth and consistency of prices from third-party pricing services; and the existence of contemporaneous, observable trades in the market. Additionally, management evaluates the classification of Level 1 and Level 2 assets and liabilities on a quarterly basis for changes in listings or delistings on national exchanges.

Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of a Funds' investments may fluctuate from period to period. Additionally, the fair value of investments may differ significantly from the values that would have been used had a ready market existed for such investments and may differ materially from the values the Funds may ultimately realize. Further, such investments may be subject to legal and other restrictions on resale or otherwise less liquid than publicly traded securities.

For fair valuations using significant unobservable inputs, U.S. generally accepted accounting principles ("U.S. GAAP") require the Funds to present a reconciliation of the beginning to ending balances for reported market values that present changes attributable to total realized and unrealized gains or losses, purchase and sales, and transfers in and out of Level 3 during the period. A reconciliation of Level 3 investments is presented only when the Funds had an amount of Level 3 investments at the end of the reporting period that was meaningful in relation to net assets. The amounts and reasons for all transfers in and out of Level 3 are disclosed when the Funds had an amount of transfers during the reporting period that was meaningful in relation to net assets as of the end of the reporting period.

For the year ended September 30, 2022, there were no transfers in or out of Level 3.

**Use of Estimates** — The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates and those differences could be material.

**Cash and Cash Equivalents** — Cash and cash equivalents include cash and overnight investments in interest-bearing demand deposits with a financial institution with original maturities of three months or less. Each Fund maintains deposits with a high quality financial institution in an amount that is in excess of federally insured limits.

**Due to/from Brokers** — Due to/from brokers represents cash balances on deposit with, or cash balances owed to, the Funds' prime brokers and counterparties. The Funds are subject to credit risk should the prime brokers and counterparties be unable to meet their obligations to the Funds.

## Notes to Financial Statements (Continued) September 30, 2022

**Investment Transactions, Investment Income and Expenses** — Investment transactions are recorded on trade date for financial statement preparation purposes. Realized gains and losses on investments sold are recorded on the identified cost basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Distribution (12b-1) fees and shareholder services fees relating to a specific class are charged directly to that class. The Fund records as dividend income the amount characterized as ordinary income and records as realized gain the amount characterized by a REIT as long-term capital gain in the Statements of Operations. The amount characterized as return of capital is a reduction to the cost of investments in the Statements of Assets and Liabilities if the security is still held; otherwise it is recorded as an adjustment to realized gain/(loss) from investment transactions in the Statements of Operations. These characterizations are reflected in the accompanying financial statements. General expenses of the Trust are generally allocated to each Fund under methodologies approved by the Board of Trustees. Expenses directly attributable to a particular Fund in the Trust are charged directly to that Fund.

**Dividends and Distributions to Shareholders** — Dividends from net investment income and distributions from net realized capital gains, if any, are declared, recorded on ex-date and paid at least annually to shareholders. Income dividends and capital gain distributions are determined in accordance with U.S. federal income tax regulations, which may differ from U.S. GAAP. These differences include the treatment of non-taxable dividends, losses deferred due to wash sales and excise tax regulations. Permanent book and tax basis differences relating to shareholder distributions will result in reclassifications within the components of net assets.

**U.S. Tax Status** — No provision is made for U.S. income taxes as it is each Fund's intention to continue to qualify for and elect the tax treatment applicable to regulated investment companies under Subchapter M of the Internal Revenue Code of 1986, as amended ("Internal Revenue Code"), and make the requisite distributions to such Fund's shareholders, which will be sufficient to relieve it from U.S. income and excise taxes.

**Other** — In the normal course of business, the Funds may enter into contracts that provide general indemnifications. The Funds' maximum exposure under these arrangements is dependent on claims that may be made against the Funds in the future, and therefore, cannot be estimated; however, based on experience, the risk of material loss for such claims is considered remote.

The Securities and Exchange Commission ("SEC") adopted Rule 18f-4 under the 1940 Act which, effective August 19, 2022, regulates the use of derivatives for certain funds registered under the 1940 Act ("Rule 18f-4"). The Fund has adopted a Rule 18f-4 Policy which provides, among other things, that unless a Fund qualifies as a "limited derivatives user" as defined in Rule 18f-4, the Fund is subject to a comprehensive derivatives risk management program, to comply with certain value-at-risk based leverage limits and to provide additional disclosure both publicly and to the SEC regarding its derivatives positions. If a Fund qualifies as a limited derivatives user, Rule 18f-4 requires the Fund to have policies and procedures to manage its aggregate derivatives risk.

**Short Sales** — All Funds except for Large Value and Enhanced S&P 500 Index may sell securities short. A short sale involves the sale by a Fund of a security that it does not own with the anticipation of purchasing the same security at a later date at a lower price. If the price of the security has increased during this time, then the Fund will incur a loss equal to the increase in price from the time that the short sale was entered into plus any premiums and interest paid to the third party. Therefore, short sales involve the risk that losses may be exaggerated, potentially losing more money than the actual cost of the investment. Also, there is the risk that the third party to the short sale may fail to honor its contract terms, causing a loss to the Fund. There can be no assurance that a Fund will be able to close out a short position at any particular time or at an acceptable price. Although a Fund's gain is limited to the amount at which it sold a security short, its potential loss is unlimited. The Funds will comply with guidelines established by the Securities and Exchange Commission ("SEC") and other applicable regulatory bodies with respect to coverage of short sales.

As of September 30, 2022, the following Fund had securities sold short, securities pledged as collateral and deposits with brokers for securities sold short:

	Value of Securities Sold Short	Securities Pledged as Collateral	Deposits with Brokers for Securities Sold Short
Hedged Core .....	\$2,565,960	\$6,368,441	\$93,546

# GOTHAM FUNDS

## Notes to Financial Statements (Continued) September 30, 2022

In accordance with the terms of its prime brokerage agreements, the Funds may receive rebate income or be charged fees on securities sold short. Such income or fee is calculated on a daily basis based upon the market value of securities sold short and a variable rate that is dependent upon the availability of such security. These amounts are included in dividends and fees on securities sold short on the Statements of Operations. In those instances where rebate income is in excess of dividends on securities sold short and finance charges, the net amount is shown in the Investment Income section on the Statements of Operations. On the ex-dividend date, dividends on short sales are recorded as an expense to the Fund. The following Fund had net charges as shown in the table below for the year ended September 30, 2022:

	<b>Dividends on Securities Sold Short</b>	<b>Rebate (Income)/Fees</b>
Hedged Core .....	\$48,096	\$(14,564)

The following Fund utilized short sales proceeds and incurred financing charges to finance purchases of long securities in order to accomplish the Fund's respective investment objectives. A financing fee is charged to the Fund based on the Federal Funds rate plus an agreed upon spread. These fees are included in dividends and fees on securities sold short on the Statements of Operations and are as follows for the year ended September 30, 2022:

	<b>Short Sales (Deposits) Proceeds</b>	<b>Financing Charges</b>
Hedged Core .....	\$2,490,641	\$36,530

**Swap Agreements** — A swap agreement is a bilateral financial instrument that involves the exchange of cash flows between two parties on specified dates (settlement dates), where the cash flows are based on valuation changes to market referenced securities. The nominal amount on which the cash flows are calculated is called the notional amount.

Swap agreements may increase or decrease the overall volatility of the investments of a Fund and its share price. The performance of swap agreements will be affected by a change in the market value of the referenced underlying securities that determine the amounts of payments due to and from a Fund. If a swap agreement calls for payments by a Fund, the Fund must be prepared to make such payments when due. In addition, if the counterparty's creditworthiness declined, the value of a swap agreement would be likely to decline, potentially resulting in losses.

Generally, swap agreements have a fixed maturity date that will be agreed upon by the parties. The agreement can be terminated before the maturity date, in whole or part, under certain circumstances, such as default by one of the parties or insolvency, among others, and can be transferred by a party only with the prior written consent of the other party. A Fund may be able to eliminate its exposure under a swap agreement either by assignment or by other disposition, or by entering into an offsetting swap agreement with the same party or a similarly creditworthy party. If the counterparty is unable to meet its obligations under the contract, declares bankruptcy, defaults or becomes insolvent, a Fund may not be able to recover the money it expected to receive under the swap agreement. A Fund will not enter into any swap agreement unless the Adviser believes that the counterparty to the transaction is creditworthy.

A swap agreement can be a form of leverage, which can magnify a Fund's gains or losses. In order to reduce the risk associated with leveraging, a Fund may cover its current obligations under swap agreements according to guidelines established by the SEC. If a Fund enters into a swap agreement on a net basis, it will segregate assets with a daily value at least equal to the excess, if any, of a Fund's accrued obligations under the swap agreement over the accrued amount a Fund is entitled to receive under the agreement. If a Fund enters into a swap agreement on other than a net basis, it will segregate assets with a value equal to the full amount of a Fund's accrued obligations under the swap agreement.

**Total Return Swaps:** Total return swaps are contracts in which both parties agree to make payments of the total return from a reference instrument during a specified period. The total return includes appreciation or depreciation on the underlying asset, plus any interest or dividend accruals or payments. The unrealized appreciation or depreciation also includes interest charges and credits ("financing fees") related to the notional values of the long and short positions and cash balances within the swap. These interest charges and credits are based on a specified benchmark rate, such as the U.S. effective federal funds rate ("EFFR"). Payments under

# GOTHAM FUNDS

## Notes to Financial Statements (Continued) September 30, 2022

the swap are based upon an agreed upon principal amount but, since the principal amount is not exchanged, it represents neither an asset nor a liability to either counterparty, and is referred to as notional. Total return swaps are marked to market daily using different sources, including quotations from counterparties, pricing services, brokers or market makers. The unrealized appreciation or depreciation related to the change in the valuation of the notional amount of the swap is combined with the amount due to or from the Fund at termination or settlement. The primary risks associated with total return swaps are credit risks (if the counterparty fails to meet its obligations) and market risk (if there is no liquid market for the swap or unfavorable changes occur to the underlying reference instrument). As of and for the year ended September 30, 2022, only Absolute Return, Enhanced Return, Neutral and Index Plus held total return swaps.

For the year ended September 30, 2022, the quarterly average notional value of the total return swaps for each Fund was as follows:

	<u>Notional Amount</u>
Absolute Return .....	\$(252,771,449)
Enhanced Return .....	(33,627,024)
Neutral .....	(45,400,997)
Index Plus .....	(70,198,015)

**Counterparty Risk** — During the year ended September 30, 2022, Absolute Return, Enhanced Return, Neutral and Index Plus were subject to counterparty risk. Certain of the derivatives entered into by the Funds may not be traded on an exchange but instead will be privately negotiated in the over-the-counter market. This means that these instruments are traded between counterparties based on contractual relationships. Relying on a counterparty exposes the Funds to the risk that a counterparty will not settle a transaction in accordance with its terms and conditions because of a dispute over the terms of the contract (whether or not bona fide) or because of a credit or liquidity problem, thus causing the Funds to suffer a loss. If a counterparty defaults on its payment obligations to the Funds, this default will cause the value of an investment in the Funds to decrease. In addition, to the extent the Funds deal with a limited number of counterparties, it will be more susceptible to the credit risks associated with those counterparties. The Funds are neither restricted from dealing with any particular counterparty nor from concentrating any or all of its transactions with one counterparty. The ability of the Funds to transact business with any one or number of counterparties and the absence of a regulated market to facilitate settlement may increase the potential for losses by the Funds.

The Funds are subject to the risk that issuers of the instruments in which it invests and trades may default on their obligations, and that certain events may occur that have an immediate and significant adverse effect on the value of those instruments. There can be no assurance that an issuer will not default, or that an event that has an immediate and significant adverse effect on the value of an instrument will not occur, and that the Funds will not sustain a loss on a transaction as a result.

**Liquidity Risk** — During the year ended September 30, 2022, Absolute Return, Enhanced Return, Neutral and Index Plus were subject to liquidity risk. The Funds may be subject to liquidity risk primarily due to investments in derivatives. The Funds may invest up to 15% of its net assets in illiquid securities or instruments. Certain derivatives, such as swaps, forward contracts and options may not be readily marketable and, therefore, may be deemed to be illiquid. An asset is not readily marketable if it cannot be sold within seven business days in the ordinary course of business for approximately the amount at which it is valued. Investments in illiquid assets involve the risk that the Funds may be unable to sell the asset or sell it at a reasonable price. In addition, the Funds may be required to liquidate positions or close out derivatives on unfavorable terms at a time contrary to the interests of the Funds in order to raise cash to pay redemptions.

An investment in derivatives is also subject to the risk that the Funds may not be able to terminate the derivatives effective on whatever date it chooses, or that the settlement of any early termination may depend on subsequent market movements. As a result, the Funds may be exposed to the risk of additional losses due to such delays.

**Master Netting Agreement** — During the year ended September 30, 2022, Absolute Return, Enhanced Return, Neutral and Index Plus were subject to a Master Netting agreement. In order to define their contractual rights and to secure rights that will help mitigate their counterparty risk, the Funds have entered into an International Swaps and Derivatives Association, Inc. Master Agreement (“ISDA Master Agreement”). An ISDA Master Agreement is a bilateral agreement between the Funds and the counterparty that governs certain OTC derivatives and typically contains, among other things, collateral posting terms and netting provisions in the

# GOTHAM FUNDS

## Notes to Financial Statements (Continued) September 30, 2022

event of a default and/or termination event. Under an ISDA Master Agreement, the Funds may, under certain circumstances, offset with the counterparty certain derivative financial instruments' payables and/or receivables with collateral held and/or posted and create one single net payment. The provisions of the ISDA Master Agreement typically permit a single net payment in the event of default including the bankruptcy or insolvency of the counterparty. Bankruptcy or insolvency laws of a particular jurisdiction may restrict or prohibit the right of offset in bankruptcy, insolvency or other events. In addition, certain ISDA Master Agreements allow counterparties to terminate derivative contracts prior to maturity in the event the Funds' net assets decline by a stated percentage or the Funds fails to meet the terms of its ISDA Master Agreements. The result would cause the Funds to accelerate payment of any net liability owed to the counterparty.

**Collateral Requirements** — During the year ended September 30, 2022, Absolute Return, Enhanced Return, Neutral and Index Plus were subject to collateral requirements. For derivatives traded under an ISDA Master Agreement, the collateral requirements are typically calculated by netting the mark-to-market amount for each transaction under such agreement and comparing that amount to the value of any collateral currently pledged by the Funds and the counterparty. Cash collateral that has been pledged to cover obligations of the Funds and cash collateral received from the counterparty, if any, is reported separately on the Statements of Assets and Liabilities as cash pledged as collateral and cash received as collateral, respectively. Non-cash collateral pledged by the Funds, if any, is noted in the Portfolio of Investments. Generally, the amount of collateral due from or to a counterparty is subject to a certain minimum transfer amount threshold before a transfer is required, which is determined at the close of business of the Funds. Any additional required collateral is delivered to/pledged by the Funds on the next business day. Typically, the counterparty is not permitted to sell, re-pledge or use cash and non-cash collateral it receives. The Funds generally agree not to use non-cash collateral that they receive but may, absent default or certain other circumstances defined in the underlying ISDA Master Agreement, be permitted to use cash collateral received. In such cases, interest may be paid pursuant to the collateral arrangement with the counterparty. To the extent amounts due to the Funds from their counterparties are not fully collateralized, they bear the risk of loss from counterparty non-performance. Likewise, to the extent the Funds have delivered collateral to a counterparty and stands ready to perform under the terms of its agreement with such counterparty, they bear the risk of loss from a counterparty in the amount of the value of the collateral in the event the counterparty fails to return such collateral. Based on the terms of agreements, collateral may not be required for all derivative contracts. For financial reporting purposes, the Funds do not offset derivative assets and derivative liabilities that are subject to netting arrangements, if any, in the Statements of Assets and Liabilities.

### 2. Transactions with Related Parties and Other Service Providers

Gotham Asset Management, LLC (“Gotham” or the “Adviser”) serves as investment adviser to the Funds pursuant to an investment advisory agreement with the Trust (the “Advisory Agreement”). For its services as the investment adviser, each Fund pays the Adviser a fee, which is computed and accrued daily and paid monthly, at an annual rate based on average daily net assets of each Fund as shown in the table below:

Absolute Return <sup>(1)</sup> . . . . .	1.50%
Enhanced Return <sup>(1)</sup> . . . . .	1.50%
Neutral . . . . .	1.50%
Index Plus <sup>(1)</sup> . . . . .	1.00%
Large Value . . . . .	0.75%
Enhanced S&P 500 Index <sup>(2)</sup> . . . . .	0.50%
Hedged Core <sup>(2)</sup> . . . . .	0.70%

<sup>(1)</sup> Gotham has contractually agreed to reduce the Fund’s annual investment advisory fee by the dollar amount of “total annual fund operating expenses after fee waivers” attributable to any Fund assets invested in other investment companies advised or sub-advised by Gotham (each an “underlying fund” and collectively, the “underlying funds”), and the amount of such reduction is calculated based on the Fund’s average daily assets invested in an underlying fund and the “total annual fund operating expenses after fee waivers” disclosed in such underlying fund’s “Annual Fund Operating Expenses” table in the summary section of an underlying fund’s currently effective prospectus. The effect of the reduction is intended to provide that Gotham’s aggregate direct and indirect compensation from the Fund and any underlying fund, respectively, does not exceed the annual investment advisory fee paid by the Fund, as shown in the table.

<sup>(2)</sup> Effective November 1, 2020 and February 1, 2021, Enhanced S&P 500 Index and Hedged Core, respectively, entered into a Support, Service and Fee Assumption Agreement (“Agreement”) with Gotham, whereby Gotham will assume and undertake to pay substantially all Fund expenses, except investment advisory fees. Under the Agreement, Gotham is entitled to a fee, computed daily and payable monthly, equal to the lesser of (i) the annualized rate of 0.15% of the Fund’s average daily net assets, or (ii) the actual amount of Gotham’s payment obligation under the Agreement.

For all Funds, except for Neutral, Large Value and Hedged Core, the Adviser contractually agreed to reduce its investment advisory fee and/or reimburse certain expenses of each Fund to the extent necessary to ensure that the Fund’s “Other Expenses” (exclusive of taxes, dividend and interest expense on securities sold short, interest, extraordinary items, and brokerage commissions) do not exceed the percentages set forth in the table below (on an annual basis) of each Fund’s average daily net assets (the “Other Expense Limitation”). For Neutral, Large Value and Hedged Core, the Adviser contractually agreed to reduce its investment advisory fee and/or reimburse certain expenses of each Fund to the extent necessary to ensure that the Fund’s total operating expenses (exclusive of taxes, “Acquired Fund Fees and Expenses,” dividend and interest expense on securities sold short, interest, extraordinary items, and brokerage commissions) do not exceed the percentages set forth in the table below (on an annual basis) of each Fund’s average daily net assets (the “Expense Limitation”). Both the Other Expense Limitation and the Expense Limitation will remain in place until the termination date set forth below, unless the Board approves its earlier termination. The table below reflects the Other Expense Limitation and Expense Limitation amounts, respectively, as a percentage of average daily net assets, in effect during the year ended September 30, 2022.

Enhanced S&P 500 Index .....	79,656	(23,897)	55,759
Hedged Core .....	56,814	—	56,814

For all Funds, except for Absolute Return, Enhanced Return, Neutral, Large Value and Enhanced S&P 500 Index, the Adviser is entitled to recover, subject to approval by the Board, such amounts reduced or reimbursed for a period of up to three (3) years from the date on which the Adviser reduced its compensation and/or assumed expenses for the Fund. The Adviser is permitted to seek reimbursement from the Fund, subject to certain limitations, for fees it waived and Fund expenses it paid to the extent the total annual fund expenses do not exceed the limits described above or any lesser limits in effect at the time of reimbursement. No recoupment will occur unless a Fund's expenses are below the Expense Limitation amount. As of September 30, 2022, the amounts of potential reimbursement from the Funds to the Adviser are as follows:

### Other Service Providers

The Bank of New York Mellon ("BNY Mellon") serves as administrator and custodian for the Funds. For providing administrative and accounting services, BNY Mellon is entitled to receive a monthly fee equal to an annual percentage rate of the Funds' average daily net assets and is subject to certain minimum monthly fees. For providing certain custodial services, BNY Mellon is entitled to receive a monthly fee, subject to certain minimum, and out of pocket expenses.

BNY Mellon Investment Servicing (US) Inc. (the "Transfer Agent") provides transfer agent services to the Funds. The Transfer Agent is entitled to receive a monthly fee, subject to certain minimum, and out of pocket expenses.

The Trust, on behalf of the Funds, has entered into agreements with financial intermediaries to provide recordkeeping, processing, shareholder communications and other services to customers of the intermediaries investing in the Funds and has agreed to compensate the intermediaries for providing those services. The fees incurred by the Funds for these services are included in Transfer Agent fees in the Statements of Operations.

Pershing LLC provides prime brokerage services to the Funds under an Agreement for Prime Brokerage Services. Pershing LLC is a wholly owned subsidiary of The Bank of New York Mellon Corporation.

Foreside Funds Distributors LLC (the "Underwriter") provides principal underwriting services to the Funds pursuant to an underwriting agreement between the Trust and the Underwriter.

The Trust and the Underwriter are parties to an underwriting agreement. The Trust has adopted a distribution plan for Investor Class shares of Index Plus, in accordance with Rule 12b-1 under the 1940 Act. Pursuant to the Investor Class shares plan, Index Plus

compensates the Underwriter for direct and indirect costs and expenses incurred in connection with advertising, marketing and other distribution services in an amount not to exceed 0.25%, on an annualized basis of the average daily net assets of Index Plus's Investor Class shares.

### Trustees and Officers

The Trust is governed by its Board of Trustees. The Trustees receive compensation in the form of an annual retainer and per meeting fees for their services to the Trust. An employee of BNY Mellon serves as the Secretary of the Trust and is not compensated by the Funds or the Trust.

JW Fund Management LLC ("JWFM") provides a Principal Executive Officer and Principal Financial Officer, respectively, to the Trust. ACA Group ("ACA"), operating through its subsidiary, Foreside Fund Officer Services LLC, provides the Trust with a Chief Compliance Officer and an Anti-Money Laundering Officer. Prior to December 7, 2021, Alaric Compliance Services LLC ("Alaric") provided the Trust with a Chief Compliance Officer and an Anti-Money Laundering Officer. JWFM and ACA are compensated for their services provided to the Trust. Alaric was compensated for its services provided to the Trust through December 7, 2021.

### 5. Federal Tax Information

The Funds have followed the authoritative guidance on accounting for and disclosure of uncertainty in tax positions, which requires the Funds to determine whether a tax position is more likely than not to be sustained upon examination, including resolution of any related appeals or litigation processes, based on the technical merits of the position. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as tax benefit or expense in the current year. Each Fund has determined that there was no effect on the financial statements from following this authoritative guidance. In the normal course of business, the Funds are subject to examination by federal, state and local jurisdictions, where applicable, for tax years for which applicable statutes of limitations have not expired.

Distributions are determined in accordance with federal income tax regulations, which may differ in amount or character from net investment income and realized gains for financial reporting purposes. Accordingly, the character of distributions and composition of net assets for tax purposes may differ from those reflected in the accompanying financial statements. To the extent these differences are permanent, such amounts are reclassified within the components of net assets based on the tax treatment; temporary differences do not require reclassifications. Net assets were not affected by these adjustments. Permanent differences as of September 30, 2022, were primarily attributed to capitalized dividends on short sales, net operating loss write-off, in-kind transactions, PFICs sold, redesignation of dividends paid and equalization utilized which were reclassified among the following accounts:

	<b>Total Distributable Earnings</b>	<b>Paid-in-Capital</b>
Absolute Return	\$ 2,027,949	\$ (2,027,949)

Distributions from net investment income and short-term capital gains are treated as ordinary income for federal income tax purposes.

As of September 30, 2022, the components of distributable earnings on a tax basis were as follows:

	<u>Capital Loss Carryforward</u>	<u>Undistributed Ordinary Income</u>	<u>Undistributed Long-Term Gain</u>	<u>Unrealized Appreciation/ (Depreciation)</u>	<u>Qualified Late-Year Losses</u>
Absolute Return .....	\$(11,198,119)	\$ —	\$ —	\$18,641,603	\$(931,175)

Hedged Core .....	—	33,079	463,805	(481,552)	—

The differences between the book and tax basis components of distributable earnings relate primarily to the timing and recognition of income and gains for federal income tax purposes. The temporary differences as of September 30, 2022, were primarily attributed to wash sales, deferral of loss on unsettled short sale transactions, straddle losses outstanding and amortization of organizational costs. Foreign currency and short-term capital gains are reported as ordinary income for federal income tax purposes.

As of September 30, 2022, the federal tax cost, aggregated gross unrealized appreciation and depreciation of securities held by the Funds were as follows:

	<u>Federal Tax Cost</u>	<u>Unrealized Appreciation</u>	<u>Unrealized (Depreciation)</u>	<u>Net Unrealized Appreciation/ (Depreciation)</u>

## Notes to Financial Statements (Concluded) September 30, 2022

Pursuant to federal income tax rules applicable to regulated investment companies, the Funds may elect to treat certain capital losses between November 1 and September 30 and late year ordinary losses ((i) ordinary losses between January 1 and September 30 or (ii) specified ordinary losses between November 1 and September 30) as occurring on the first day of the following tax year. For the year ended September 30, 2022, any amount of losses elected within the tax return will not be recognized for federal income tax purposes until October 1, 2022. For the year ended September 30, 2022, the Funds deferred to October 1, 2022 the following losses:

	<u>Late-Year Ordinary Losses Deferral</u>	<u>Short-Term Capital Loss Deferral</u>	<u>Long-Term Capital Loss Deferral</u>
Absolute Return . . . . .	\$931,175	\$—	\$—
Enhanced Return . . . . .	805,131	—	—
Neutral . . . . .	108,823	—	—
Index Plus . . . . .	475,421	—	—

Accumulated capital losses represent net capital loss carryforwards as of September 30, 2022 that may be available to offset future realized capital gains and thereby reduce future capital gains distributions. The Funds are permitted to carry forward capital losses for an unlimited period. Capital losses that are carried forward will retain their character as either short-term or long-term capital losses. As of September 30, 2022, the following Funds had long-term and short-term capital loss carryforwards in the following amounts:

	<u>Capital Loss Carryforward</u>	
	<u>Short-Term</u>	<u>Long-Term</u>
Absolute Return . . . . .	\$11,198,119	\$—
Neutral . . . . .	73,840,603	—

For the year ended September 30, 2022, the following Funds utilized capital losses as follows:

	<u>Capital Losses Utilized</u>
Absolute Return . . . . .	\$46,399,120
Neutral . . . . .	1,716,342

## Report of Independent Registered Public Accounting Firm

To the Board of Trustees of FundVantage Trust and Shareholders of Gotham Absolute Return Fund, Gotham Enhanced Return Fund, Gotham Neutral Fund, Gotham Index Plus Fund, Gotham Large Value Fund, Gotham Enhanced S&P 500 Index Fund and Gotham Hedged Core Fund

### ***Opinions on the Financial Statements***

We have audited the accompanying statements of assets and liabilities, including the portfolios of investments, of Gotham Absolute Return Fund, Gotham Enhanced Return Fund, Gotham Neutral Fund, Gotham Index Plus Fund, Gotham Large Value Fund, Gotham Enhanced S&P 500 Index Fund and Gotham Hedged Core Fund (seven of the funds constituting FundVantage Trust, referred to hereafter collectively as the "Funds") as of September 30, 2022, the related statements of operations and for Gotham Hedged Core Fund, the statement of cash flow for the year ended September 30, 2022, the statements of changes in net assets for each of the two years in the period ended September 30, 2022, including the related notes, and the financial highlights for the periods indicated therein (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of each of the Funds as of September 30, 2022, the results of each of their operations and for Gotham Hedged Core Fund, the statement of cash flow for the year then ended, the changes in each of their net assets for each of the two years in the period ended September 30, 2022 and each of the financial highlights for each of the periods indicated therein in conformity with accounting principles generally accepted in the United States of America.

### ***Basis for Opinions***

These financial statements are the responsibility of the Funds' management. Our responsibility is to express an opinion on the Funds' financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Funds in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits of these financial statements in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. Our procedures included confirmation of securities owned as of September 30, 2022 by correspondence with the custodian and brokers; when replies were not received from brokers, we performed other auditing procedures. We believe that our audits provide a reasonable basis for our opinions.

## Shareholder Tax Information (Unaudited)

Certain tax information regarding each Fund is required to be provided to shareholders based upon each Fund's income and distributions for the taxable year ended September 30, 2022. The information and distributions reported here in may differ from information and distributions taxable to the shareholders for the calendar year ending December 31, 2021. During the fiscal year ended September 30, 2022 the following dividends and distributions were paid by each of the Funds:

	<u>Ordinary Income</u>	<u>Long-Term Capital Gain</u>
Enhanced Return . . . . .	\$ —	\$42,651,417
Index Plus . . . . .	—	25,931,353
Large Value . . . . .	1,282,378	9,875,650
Enhanced S&P 500 Index . . . . .	209,184	900,713
Hedged Core . . . . .	107,412	1,341,771

Distributions from net investment income and short-term capital gains are treated as ordinary income for federal tax purposes. Enhanced Return, Large Value and Hedged Core had \$160,111, \$2,241,652 and \$43,870, respectively, attributable to equalization utilized.

Where appropriate, all designations are based on financial information available as of the date of this annual report and, accordingly, are subject to change. For each item, it is the intention of each Fund to designate the maximum amount permitted under the Internal Revenue Code of 1986, as amended, and the regulations thereunder.

Under the Jobs and Growth Tax Relief Reconciliation Act of 2003, the following percentages of ordinary dividends paid during the fiscal year ended September 30, 2022 were designated as "qualified dividend income", as defined in the Act, and are subject to reduced tax rates:

Large Value . . . . .	100.00%
Enhanced S&P 500 Index . . . . .	100.00%
Hedged Core . . . . .	100.00%

The percentage of total ordinary income dividends paid qualifying for the corporate dividends received deduction for each Fund is as follows:

Large Value . . . . .	100.00%
Enhanced S&P 500 Index . . . . .	100.00%
Hedged Core . . . . .	100.00%

The percentage of qualified interest income related dividends not subject to withholding tax for non-resident aliens and foreign corporations is as follows:

Large Value . . . . .	0.03%
Enhanced S&P 500 Index . . . . .	0.02%

The percentage of ordinary income distributions designated as qualified short-term gains pursuant to the American Job Creation Act of 2004 is as follows:

Because each Fund's fiscal year is not the calendar year, another notification will be sent with respect to calendar year 2022. The second notification, which will reflect the amount, if any, to be used by calendar year taxpayers on their U.S. federal income tax returns will be made in conjunction with Form 1099-DIV and will be mailed in January 2023.

Foreign shareholders will generally be subject to U.S. withholding tax on the amount of their ordinary income dividends. They will generally not be entitled to a foreign tax credit or deduction for the withholding taxes paid by a Fund, if any.

In general, dividends received by tax-exempt recipients (e.g., IRAs and Keoghs) need not be reported as taxable income for U.S. federal income tax purposes. However, some retirement trusts (e.g., corporate, Keogh and 403(b)(7) plans) may need this information for their annual information reporting.

Shareholders are advised to consult their own tax advisers with respect to the tax consequences of their investment in a Fund.

### Board Considerations with Respect to the Approval of the Continuation of the Investment Advisory Agreement with Gotham

At an in-person meeting held on June 21-22, 2022 (the "Meeting"), the Board of Trustees (the "Board" or the "Trustees") of FundVantage Trust (the "Trust"), including a majority of the Trustees who are not "interested persons" within the meaning of Section 2(a)(19) of the Investment Company Act of 1940, as amended (the "1940 Act") (the "Independent Trustees"), unanimously approved the continuation of the Investment Advisory Agreement between the Gotham Asset Management, LLC ("Gotham" or the "Adviser") and the Trust (the "Gotham Agreement") on behalf of the Gotham Absolute Return Fund, Gotham Enhanced Return Fund, Gotham Enhanced S&P 500 Index Fund, Gotham Hedged Core Fund, Gotham Index Plus Fund, Gotham Large Value Fund and Gotham Neutral Fund (together the "Gotham Funds"). At the Meeting, the Board considered the continuation of the Gotham Agreement with respect to each Fund for an additional one year period.

In determining whether to approve the Agreement, the Trustees, including the Independent Trustees, considered information provided by Gotham in response to a request for information in accordance with Section 15(c) of the 1940 Act (the "Gotham 15(c) Response") regarding (i) the services performed and to be performed by Gotham for the Gotham Funds, (ii) the composition and qualifications of Gotham's portfolio management staff, (iii) any potential or actual material conflicts of interest which may arise in connection with the management of the Gotham Funds, (iv) investment performance, (v) the financial condition of Gotham, (vi) brokerage selection procedures (including soft dollar arrangements, if any), (vii) the procedures for allocating investment opportunities between the Gotham Funds and other clients, (viii) results of any independent audit or regulatory examination, including any recommendations or deficiencies noted, (ix) any litigation, investigation or administrative proceeding which may have a material effect on Gotham's ability to service the Gotham Funds, and (x) compliance with the Gotham Funds' investment objectives, policies and practices (including codes of ethics and proxy voting policies), federal securities laws and other regulatory requirements. In addition to the information in the Gotham 15(c) Response, the Trustees received additional information at Board meetings throughout the year covering matters such as the performance of each Gotham Fund compared against its Lipper Index and its benchmark; compliance with the Gotham Funds' investment objectives, policies, strategy and limitations; the compliance of portfolio management personnel with applicable codes of ethics; and the adherence to pricing procedures as established by the Board.

The Board considered additional information provided by representatives from Gotham invited to participate in the Meeting regarding Gotham's history, performance, investment strategy, and compliance program. Representatives of Gotham responded to questions from the Board. In addition to the foregoing information, the Trustees also considered other factors they believed to be relevant to considering the approval of the Agreement, including the specific matters discussed below. In their deliberations, the Trustees did not identify any particular information as controlling, and different Trustees may have attributed different weights to various factors. After deliberating, the Trustees determined that the overall arrangement between the Gotham Funds and Gotham, as provided by the terms of the Gotham Agreement, including the advisory fees under the Gotham Agreement, were fair and reasonable in light of the services provided, expenses incurred and such other matters as the Trustees considered relevant.

The Trustees considered the services provided by or to be provided by Gotham to the Gotham Funds. The Trustees considered Gotham's personnel and the depth of Gotham's personnel who provide investment management services to the Gotham Funds and

## Other Information (Continued) (Unaudited)

their experience. Based on the Gotham 15(c) Response, the Trustees concluded that (i) the nature, extent and quality of the services provided (or to be provided) by Gotham are appropriate and consistent with the terms of the Agreement, (ii) that the quality of those services has been, and continues to be, consistent with industry norms, (iii) the Gotham Funds are likely to benefit from the provision of those services, (iv) Gotham has sufficient personnel, with the appropriate skills and experience, to serve the Gotham Funds effectively and has demonstrated its continuing ability to attract and retain qualified personnel, and (v) the satisfactory nature, extent, and quality of services currently provided to the Gotham Funds is likely to continue under the Agreement.

The Board discussed Gotham's business continuity plan, and its ability to continue to manage the Gotham Funds effectively in light of the ongoing COVID-19 pandemic, continuing federal, state and local responses thereto and related volatility in the financial markets.

The Trustees considered the investment performance for the Gotham Funds (as applicable) and Gotham. The Trustees reviewed historical performance charts which showed the performance of the Gotham Funds as compared to their respective benchmark indices and Lipper categories for the year-to-date, one year, two year, three year, five year, ten year and since inception periods ended March 31, 2022, as applicable. The Trustees considered the short term and long term performance of the Gotham Funds, as applicable. The Trustees noted that they considered performance reports provided at Board meetings throughout the year.

*Gotham Absolute Return Fund.* The Trustees noted that the Gotham Absolute Return Fund outperformed the HFRX Equity Hedge Index for the one year, three year, five year and since inception periods ended March 31, 2022 and underperformed the HFRX Equity Hedge Index for the year-to-date period ended March 31, 2022. The Trustees further noted that the Gotham Absolute Return Fund outperformed the Lipper Absolute Return Funds Index for the year-to-date, one year, three year, five year periods and since inception periods ended March 31, 2022.

*Gotham Enhanced Return Fund.* The Trustees noted that the Gotham Enhanced Return Fund underperformed the S&P 500 Total Return Index for the three year, five year and since inception periods ended March 31, 2022 and outperformed the S&P 500 Total Return Index for the year-to-date and one year periods ended March 31, 2022. The Trustees further noted that the Gotham Enhanced Return Fund outperformed the Lipper Alternative Long/Short Equity Funds Index for the one year, three year, five year and since inception periods ended March 31, 2022 and underperformed the Lipper Alternative Long/Short Equity Funds Index for the year-to-date period ended March 31, 2022.

*Gotham Enhanced S&P 500 Index Fund.* The Trustees noted that the Gotham Enhanced S&P 500 Index Fund outperformed the S&P 500 Total Return Index for the year-to-date and one year periods ended March 31, 2022 and underperformed the S&P 500 Total Return Index for the three year, five year and since inception periods ended March 31, 2022. Return Index for the year-to-date period ended March 31, 2022. The Trustees further noted that the Gotham Large Value Fund underperformed the Lipper Multi-Cap Value Funds Index for the year-to-date period ended March 31, 2022 and outperformed the Lipper Multi-Cap Value Funds Index for the one year, three year, five year and since inception periods ended March 31, 2022.

*Gotham Neutral Fund.* The Trustees noted that the Gotham Neutral Fund underperformed the ICE BofAML US 3-Month Treasury Bill Index for the three year, five year and since inception periods ended March 31, 2022 and outperformed the ICE BofAML US 3-Month Treasury Bill Index for the year-to-date and one year periods ended March 31, 2022. The Trustees further noted that the Gotham Neutral Fund underperformed the Lipper Alternative Equity Market Neutral Funds Index for the three year, five year and since inception periods ended March 31, 2022 and outperformed the Lipper Alternative Equity Market Neutral Funds Index for the year-to-date and one year periods ended March 31, 2022.

The Trustees concluded that the performance of each of the Gotham Funds was within an acceptable range of performance relative to other mutual funds with similar investment objectives, strategies and policies based on the information provided at the Meeting.

The Trustees noted that the representatives of Gotham had provided information regarding its advisory fees and an analysis of these fees in relation to the services provided to the Funds and any other ancillary benefit resulting from the Gotham's relationship with the Funds.

The Trustees also reviewed information regarding the fees Gotham charges to certain other clients and evaluated explanations provided by Gotham as to differences in fees charged to the Funds and other similarly managed accounts, where applicable. The Trustees also reviewed a peer comparison of advisory fees and total expenses for each Gotham Fund versus those funds in the Fund's applicable Lipper category (the "Peer Group"). The Trustees concluded that the advisory fees and services provided by Gotham are consistent with those of other advisers that manage mutual funds with investment objectives, strategies and policies similar to those of the Funds as measured by the information provided by Gotham.

The Board considered, among other data, the specific factors and related conclusions set forth below with respect to each Fund:

*Gotham Absolute Return Fund.* The contractual advisory fee and net total expense ratio for the Gotham Absolute Return Fund's Institutional Class shares were higher than the median contractual advisory fee and net total expense ratio for those funds in the Gotham Absolute Return Fund's Peer Group.

*Gotham Enhanced Return Fund.* The contractual advisory fee and net total expense ratio for the Gotham Enhanced Return Fund's Institutional Class shares were higher than the median contractual advisory fee and net total expense ratio for those funds in the Gotham Enhanced Return Fund's Peer Group.

*Gotham Enhanced S&P 500 Index Fund.* The contractual advisory fee and net total expense ratio for the Gotham Enhanced S&P 500 Index Fund's Institutional Class shares were lower than the median contractual advisory fee and net total expense ratio for those funds in the Gotham Enhanced S&P 500 Index Fund's Peer Group.

*Gotham Hedged Core Fund.* The contractual advisory fee and net total expense ratio for the Gotham Hedged Core Fund's Institutional Class shares were lower than the median contractual advisory fee and net total expense ratio for those funds in the Gotham Hedged Core Fund's Peer Group.

*Gotham Index Plus Fund.* The contractual advisory fee and net total expense ratio for the Gotham Index Plus Fund's Institutional Class shares were higher than the median contractual advisory fee and net total expense ratio for those funds in the Gotham Index Plus Fund's Peer Group with \$250 million or less in assets.

*Gotham Large Value Fund.* The contractual advisory fee and net total expense ratio for the Gotham Large Value Fund's Institutional Class shares were higher than and lower than, respectively, the median contractual advisory fee and net total expense ratio for those funds in the Gotham Large Value Fund's Peer Group.

## Other Information (Concluded) (Unaudited)

*Gotham Neutral Fund.* The contractual advisory fee and net total expense ratio for the Gotham Neutral Fund's Institutional Class shares were higher than the median contractual advisory fee and net total expense ratio for those funds in the Gotham Neutral Fund's Peer Group.

The Trustees also discussed the limitations of the comparative expense information provided with respect to each Gotham Fund's Peer Group, given the potential varying nature, extent and quality of the services provided by the advisors of other portfolios included in each of the Peer Groups. Based upon their review, the Trustees concluded that the respective advisory fees for the Gotham Funds were reasonable in light of the high quality of services received by the Funds from Gotham.

The Trustees considered the costs of the services provided by Gotham, the compensation and benefits received by Gotham in providing services to the Gotham Funds, its profitability and certain additional information related to Gotham's financial condition. In addition, the Trustees considered any direct or indirect revenues received by affiliates of Gotham.

The Trustees considered the extent to which economies of scale may be realized relative to fee levels as the Funds grow, and whether the advisory fee levels reflect those economies of scale for the benefit of shareholders. The Trustees considered and determined that economies of scale for the benefit of shareholders should be achieved if assets of the Funds increase because fixed expenses will be spread across a larger asset base. The Trustees also noted that the Funds' advisory fees do not include "breakpoint" reductions in the advisory fee rates at specific asset levels but that Gotham has contractually agreed to waive fees and/or reimburse certain expenses of the Funds for the benefit of shareholders.

After consideration of all the factors, taking into consideration the information presented at the Board Meeting, the entire Board, including the Independent Trustees, unanimously approved the continuation of the Gotham Agreement for an additional one-year period. In arriving at their decision, the Trustees did not identify any single matter as controlling, but made their determination in light of all the circumstances.

## Fund Management (Unaudited)

FundVantage Trust (the "Trust") is governed by a Board of Trustees (the "Trustees"). The primary responsibility of the Trustees is to represent the interest of the Trust's shareholders and to provide oversight management of the Trust.

The following tables present certain information regarding the Board of Trustees and officers of the Trust, as of fiscal year-end. None of the Trustees are an "interested person" of the Trust, the Adviser, another investment adviser of a series of the Trust, or Foreside Funds Distributors LLC, the principal underwriter of the Trust ("Underwriter"), within the meaning of the 1940 Act and each Trustee is referred to as an "Independent Trustee" and is listed under such heading below. Employees of certain service providers to the Trust serve as officers of the Trust; such persons are not compensated by the Fund. The address of each Trustee and officer as it relates to the Trust's business is 301 Bellevue Parkway, 2nd Floor, Wilmington, DE 19809.

The Statement of Additional Information for the Funds contain additional information about the Trustees and is available, without charge, upon request by calling (877) 974-6852.
